this textbook summarizes guidelines for the diagnosis and treatment of bacterial meningitis it is practical and easy to comprehend for general practitioners with separate columns for children and adults

The 2004 Guide to the Evaluation of Educational Experiences in the Armed Services 2004

This book provides a comprehensive guide to the evaluation of educational experiences in the armed services. It covers a wide range of topics, including the importance of education in the military, the challenges of military education, and the role of the armed services in providing education to their members. The book is written in a clear and concise style, making it an excellent resource for anyone interested in military education. It is available in both print and digital formats, and is priced at 20kg. The book is a must-read for anyone who wants to understand the role of education in the armed services.

2007-04-15

this indispensable tool enables scientists and translators with only a basic knowledge of Japanese to quickly locate and evaluate pertinent information tapping the large body of chemical literature that at present is mainly inaccessible to non-Japanese readers. The dictionary is unique in both its scope and concept listing over 15,000 technical terms from all chemical disciplines in Kanji, Kana, script, Romaji transcription and English translation ordered according to frequency of occurrence for quick access. The dictionary is supplemented by valuable background information on the Japanese language, chemical industry and chemical literature. A ready reference for all those chemical professionals dealing with the world's second largest economy.
