there have been many books about queen victoria but there

has never been one that has explored her other world the world of the strange and unusual the world of death and her fascination for it and the world of the unseen and the paranormal that she could never resist during his research peter underwood gained the distinct impression that there was something of a conspiracy of silence around her interest in the paranormal however there is overwhelming evidence that as a fatherless and bewildered princess as a quickly matured queen and then as a widowed and often lonely woman victoria showed a considerable interest in death and its draperies this book covers victoria s youthful encounters with the occult her visits to haunted properties her friends and acquaintances with similar interests and experiences her alleged involvement with robert lees the medium her undoubted interest in the jack the ripper murders her obsession with omens and superstitions and her fascination with death not long before his death the prince consort told the queen we don t know in what state we shall meet again but that we shall recognise each other and be together in eternity i am perfectly certain through forty years of widowhood queen victoria believed utterly that this would be so

most people have heard of the celts the elusive ancient tribal people who resided in present day england ireland scotland and france paradoxically characterized as both barbaric and

innocent the celts appeal to the modern world as a symbol of a bygone era a world destroyed by the ambition of empire and the spread of christianity throughout western europe despite the pervasive cultural and literary influence of the celts shockingly little is known of their way of life and beliefs because very few records of their stories exist in this book for the first time philip freeman brings together the best stories of celtic mythology everyone today knows about the gods and heroes of the ancient greeks such as zeus hera and hercules but how many people have heard of the gaulish god lugus or the magical welsh queen rhiannon or the great irish warrior cú chulainn we still thrill to the story of the trojan war but the epic battles of the irish táin bó cuailgne are known only to a few and yet those who have read the stories of celtic myth and legend among them writers like j r r tolkien and c s lewis have been deeply moved and influenced by these amazing tales for there is nothing in the world quite like them in these stories a mysterious and invisible realm of gods and spirits exists alongside and sometimes crosses over into our own human world fierce women warriors battle with kings and heroes and even the rules of time and space can be suspended captured in vivid prose these shadowy figures gods goddesses and heroes come to life for the modern reader
