this book grew out of lecture notes i used in a course on difference equations that i taught at trinity university for the past five years the classes were largely pop ulated by juniors and seniors majoring in mathematics engineering chemistry computer science and physics this book is intended to be

used as a textbook for a course on difference equations at the level of both advanced undergraduate and beginning graduate it may also be used as a supplement for engineering courses on discrete systems and control theory the main prerequisites for most of the material in this book are calculus and linear algebra however some topics in later chapters may require some rudiments of advanced calculus since many of the chapters in the book are independent the instructor has great flexibility in choosing topics for the first one semester course a diagram showing the interdependence of the chapters in the book appears following the preface this book presents the current state of affairs in many areas such as stability z transform asymptoticity oscillations and control theory however this book is by no means encyclopedic and does not contain many important topics such as numerical analysis combinatorics special functions and orthogonal polynomials boundary value problems partial difference equations chaos theory and fractals the nonselection of these topics is dictated not only by the limitations imposed by the elementary nature of this book but also by the research interest or lack thereof of the author

4 standalone romances with a guaranteed HEA in each story from USA Today bestselling author J H Croix. If you like smoking hot paranormal romance with a twist of suspense and adventure, you'll love this series. Catamount is a town deep in the woods of Maine where mountain lion shifters have existed in secret for centuries. The community is in turmoil after the startling death of a shifter. As events unfold, revealing secrets and fault lines among the proud and protective shifter community, follow the paths of four different couples as they grapple with the threats facing their very existence and find love along the way. Dive into steamy romance filled with passion, adventure, betrayal, and secrets. Protected Mate: Dane Ashworth, a sexy solitary mountain lion shifter, comes from one of the founding shifter families of Catamount. In the midst of upheaval in Catamount, Dane encounters the unassuming, curvy, and deliciously sexy Chloe Silver, the mountain lion. In Dane, Chloe knows she is meant for him, but he has to find a way to earn her trust and make her believe in him and in what lies between them. Passion burns like wildfire between them while events in Catamount put them both in danger. Chosen Mate: Phoebe Devine has loved Jake North for years, but she's kept her feelings hidden because she didn't want to ruin their friendship. Jake is a sexy, smoldering mountain lion shifter who's put his life on the line to protect Catamount shifters. Phoebe is one of the few people Jake trusts completely. She's also tempting beyond all reason: delectably curvy and so sexy, her mere presence rattles Jake's control. He's denied the depth of his desire for her, but once he has a taste, unbridled passion swirls around them, engulfing them in its power. Fated Mate: A chance encounter throws Lily North and Noah Jasper together with Catamount in turmoil over the shifter smuggling network. The burdens of being a shifter lay heavily upon Lily. Noah instantly sees through Lily's reserve to the wild, sexy core hidden behind the brainy, reserved woman on the outside. He wants her to the depths of his very being, yet his family's troubled history is a burden he's carried for years, and the reason he doesn't believe love is even possible. While events in Catamount continue to unfold, the desire between Lily and Noah burns hot and fast. Destined Mate: Shana Ashworth is trying to pick up the pieces of her life after her husband's death and his shocking betrayal. Her heart still feels encased in ice. The only man who seems capable of cracking through the ice is Hayden Thorne, a sexy, smoldering, and powerful shifter from Montana. Shana wants nothing more than a fling, someone to make her feel again. Hayden is perfect: an out-of-town shifter who will be gone before her heart has a chance to get involved. She underestimates what lies between them. The tinder of desire flares into white-hot passion, tossing and twisting them in its fire.
