of air instruments in orthopedic surgical techniques in each instance it attempts to demonstrate the classic approach leaving it
to the individual surgeon to develop further his expertise and ingenuity with air driven instruments possible applications and
adaptations are as unlimited as the surgeon s skill and imagination detailed illustrations and text treat the use of each air
instrument in various proce dures but the surgical application is given only for that portion of each procedure in which manual
operation can be advantageously replaced by the use of air instru ments this book therefore does not depict complete surgical
procedures nor does it include all the procedures in orthopedic surgery for which air instruments are now employed use of air
driven instruments does not imply any change in basic surgical techniques it does enhance the surgeon s dexterity increase his
speed and in some situations makes a surgical approach possible for the first time a technical guide has been needed since air
instruments were introduced air in strument surgery volume 2 orthopedics is the second publication to fill that need its function
is to clarify problems and difficulties and to suggest solutions by means of air instrument surgery it is also intended to remove
any apprehension about the use of air instruments to ensure this the technical procedures are supplemented with detailed
instructions for assembling using and maintaining the instruments

Air Instrument Surgery 2012-12-06 the year is 2281 two hundred years after the old world was eradicated by nuclear fire and
now the new california republic has become powerful along the western coast of what used to be the united state of america
they ve expanded east into nevada but across the colorado river to the east a united army of tribals caesar s legion have been
organized under the guise of ancient rome war never changes and impending conflict looms between the two sides the prize
being the hoover dam and control over the mojave stuck in the middle are the residents of nevada and the jewel in the desert
the city of new vegas but the mysterious overlord of new vegas has his own plans for the future of the mojave you are courier
six an employee of the mojave express who has been entrusted with delivering a mysterious platinum chip the delivery goes
horribly awry however and after you are robbed and nearly killed for the package you were carrying you must set out in pursuit
of your attackers along the way you ll have to navigate the political struggles between factions both large and small making
friends and enemies between the various groups as your actions in the mojave influence your reputation ultimately a new
overlord of the mojave will be crowned but will you place that crown upon the brow of caesar the new california republic the
mysterious ruler of new vegas or yourself this guide offers the following character creation strategies including a run down of
special attributes skills and perks an ideal chronological order of events walkthrough that will take you through the entire mojave
complete walkthrough of all the main quests and side quests including faction quests and endings a power gamey new vegas
medical center run for those gamers who want to get off to a great start information about factions and reputation the locations
of stat boosting skill books unique weapons and armor and collectible snowglobes a trophy guide including detailed information
when necessary about how to obtain all the game s trophies old world blues dlc
