chatter and provides simple yet comprehensive information to prospective gun buyers this book explains the fundamental and operational differences between revolvers and semi auto handguns to help you choose which is best for your everyday personal protection needs youll learn about the various holster and carry methods open vs concealed carry and essential firearm self defense philosophy the authors also explore the advantages of shotguns and the often misunderstood ar platform carbine for home defense whether you are a soon to be new or longtime gun owner youll learn important information that can help you protect your life and the lives of your loved ones in the point of the gun

## **State Laws and Published Ordinances, Firearms 1984**

from gang and drug related shootings to mass shootings in schools shopping centers and movie theatres reports of gun crimes fill the headlines of newspapers and nightly news programs at the same time a different kind of headline has captured public attention a steady surge in pro gun sentiment among americans in citizen protectors jennifer carlson offers a compelling portrait of gun carriers shedding light on americans complex relationship with guns delving headlong into the world of guns carlson participated in firearms training classes attending pro gun events and carried a firearm herself through these experiences she explores the role guns play in the lives of americans who carry them and shows how against a backdrop of economic insecurity and social instability gun carrying becomes a means of being a good citizen a much needed counterpoint to the rhetorical battles over gun control citizen protectors is a captivating and revealing look at gun culture in america and a must read for anyone with a stake in this heated debate

## ***Shall Issue 1993-06***

i grew up in the city of chicago attended rezin orr high school on the near northwest side of chicago graduated in 1980 and attended the college of automation computer school i have spent the majority of my life working with computers which i deem to have been a very rewarding field as well as educational during my twenty nine year tenure in the information technology field i have seen the computer industry technology really skyrocket into a very sophisticated technology that have affected our lives in so many ways that we depend on computers to the point that it has become a way of life for us you cant go to any major supermarket nowadays without the cash registers being computerized in some way shape or form they even have check out lines where you dont even need a cashier to ring you up you can do it yourself by scanning the barcode of your purchases and the computer will check the price through a computerized database and come back with the right price the most fascinating thing about computers is the security mechanisms that have been put in place to help facilitate protection and control even homeland security depends on computers in protecting and saving lives to some degree or another so it just makes sense to use computerized technology in other areas of our lives that not only enhance but can also prevent a potential harmful element from ruining our lives computerized technology used in conjunction with controlling how a person uses his gun can save lives and really after everything else is failing isnt it time we came up with a winwinwin solution to todays problems this is what this book will present solutions that solve problems

## **The Point of the Gun 2017-11-22**

the papers collected here offer anti imperialist feminist alternatives to second wave feminism s often reductive understandings of freedom emancipation oppression empowerment and democracy

## **Citizen-Protectors 2015-04-01**

guns have never been as prevalent in american culture as they are at this moment most contemporary conversations on guns either highlight the gun as just a tool used in mass killings or a right to be fiercely defended eventually whatever progress these debates foster in the public conversation tend to halt altogether once the old cliché guns don t kill people people kill people is trotted out these gun control and gun violence discussions take the gun as passive object ignoring the changing effects and the very agency that guns may deploy as politicized objects what happens if we reset the conversation and admit that guns and not the people behind them kill people the lives of guns offers a new and compelling way of thinking about the role of the gun in our social and political lives in gathering ideas from law science studies sociology and politics each chapter turns the stale standard gun conversations around by investigating the gun as an object with agency in approaching guns from a technological perspective down to the very science of how they are created and how they fire the lives of guns takes up a number of questions such as how does the presence of these objects shape civic ideology what does it mean to develop and care for gun and gun accessories technology what do guns mean to those who build them versus those who fight for and against them what could happen when drone technology meets gun technology in bringing together fresh perspectives from leading lawyers political scientists and historians the lives of guns promises to move the gun debate forward by opening up new ways of thinking about these issues and broadening the scope of these perennial debates

## **Tracking the Bullet Saved My Child 2010-03-22**

designed to help americans comply with federal firearms laws assists you in complying with the gun control act of 1968 while helping to inform future gun buyers of the procedures in making lawful over the counter sales of all guns including longguns out of state purchases includes every firearms law ordinance published by state local jurisdictions commonwealth or possession that has anything to do with firearms also list of state attorney generals forms publications brady information much more

## **Perverse Politics? 2016-04-13**

the american concealed weapon carry movement consisting largely of political amateurs has succeeded in changing the direction of gun control policy in the u s in the last two decades overcoming well entrenched professional elites in the process the movement succeeded because overlapping horizontal interpretive communities of a new american gun culture developed their own anti media of communication bypassing mainstream media systems creating a new and politically potent informational sociology that works to their benefit

## **The Lives of Guns 2018-09-03**

gun control international views perspectives and comparisons extensively explores gun control policies firearm ownership landscapes and associated issues across various countries it begins with an introductory chapter outlining its scope and purpose subsequent chapters delve into topics such as gun control policies encompassing crime prevention public safety mass shooting reduction mental health considerations domestic violence prevention accidental shooting prevention national security illegal firearm trafficking and maintenance of public order the book also addresses the definition of guns civilian firearm use responsible gun ownership and the united states intricate gun ownership landscape covering laws regulations statistics and the impact of policies on violent crime and mass shootings further chapters extend this analysis to other nations exploring gun control scenarios in canada the united kingdom australia germany switzerland japan brazil south africa and russia additionally the book discusses global perspectives on gun ownership variations the purchase process and introduces a rating system for effective gun control policies the final chapter explores the sociological aspects of sports shooting covering historical development cultural influences community dynamics inclusivity economic factors political aspects controversies and the intersection of health and well being the inclusion of an index and reference section enhances the book's accessibility and credibility ultimately presenting a comprehensive examination of diverse aspects within the realm of gun related subjects

## **Firearms State Laws and Published Ordinances 1996-04**

more than ever it feels like cultural and political divisions over firearms are tearing the united states apart guns are an undeniable and contradictory presence in america both widely owned and controversial this book does something remarkable it promotes insight over animosity in understanding the complex reality of guns in america it challenges firearms skeptics entertains enthusiasts and informs the uncommitted by taking readers on a surprising journey inside gun culture a lifelong liberal from the san francisco bay area david yamane became a new gun owner as a 42 year old and embarked on an immersive twelve year study of american gun culture weaving together his personal experiences and sociological observations to explain why guns make sense to those who own them he illuminates defensive gun ownership the risk of negative outcomes associated with firearms and what responsible gun ownership looks like in the twenty first century this book lowers the heat on america's inflamed arguments about firearms and models the civil discussions we desperately need

## **Rise of the Anti-media 2010**

this up to date second edition work will stimulate and clarify readers thinking on the key issues surrounding guns in the united states especially on the debate over gun control most public debate and discussion about guns in u s society is rarely guided by research not surprising as most individuals have a personal opinion on this highly inflammatory topic based on their upbringing or personal experiences additionally most research about gun use in america is confusing and contradictory making it difficult for citizens to gain much from their attempts to

investigate the topic objectively this book offers concise understandable coverage of all aspects of the issue including incidence of gun violence gun control gun rights government regulation legislation and court decisions gun organizations for gun control and for gun rights gun enthusiast subcultures for example hunters target shooters and collectors and u s attitudes toward guns many of the covered topics are placed in historical and cross cultural perspective the new edition of gun control in the united states a reference handbook enables the reader to navigate and interpret the research to become sufficiently educated on any specific aspect of the gun issue to make an informed decision for example whether to support stricter or more lenient gun control whether to become a gun owner whether to support a particular political party or candidate or whether to develop or to refine a particular philosophy regarding guns other aspects of the contemporary gun debate that are addressed include whether the supreme court s ruling that the second amendment guarantees an individual right will withstand future challenges whether the strong gun regulations used in europe would be effective and applicable in reducing gun violence in the united states and whether the diversity explosion created by the high rate of immigration from countries where guns are strictly controlled will soon change the politics of the u s gun control debate

### **Gun Control 2024-02-03**

dan baum is a gun fanatic he is also jewish democrat who grew up in suburban new jersey in gun guys he takes us on a guided tour of gun stores and gun shows shooting ranges and festivals contests and auctions trying to figure out what draws so many of us to guns in the first place is it just part of being american introducing a wide cast of characters baum shows both sides of the gun culture in america bringing an entire world vividly to life and in doing so helping to find a middle ground in the gun debate where actual conversation can take place

### **Gun Curious 2024-06-01**

this three volume set examines various approaches to firearms including constitutional and legal issues public health and criminal justice concerns and perspectives on personal safety and self defense recent mass shootings have led to renewed calls for additional legislation at the state and federal levels to address gun access and control in this hard hitting compilation experts delve into various aspects of firearms in america from gun control and gun rights to militia movements to school related shootings and to the recent trends in gun ownership by women authors from varied backgrounds and viewpoints share their perspectives on the pros and cons of firearm ownership as all of the following a constitutional right a key instrument of self defense a guarantee of political freedoms and as a major factor in crime and personal injury the reference is divided into three volumes the first volume covers firearm history legislation and policy the second volume explores public opinion gun ownership trends international laws and self defense and the third considers popular debates about firearm policy including concealed carry of firearms terrorism and the ownership of firearms background checks for purchasing guns and stand your ground laws the work concludes with an informed debate on gun policy between richard feldman president of the independent firearm owners and paul helmke former president of the brady campaign to prevent gun violence

## **Gun Control in the United States 2017-01-23**

this new anthology from sage brings together over 90 recent readings on gender sexuality and intimate relationships from contexts the award winning magazine published by the american sociological association each contributor is a contemporary sociologist writing in the clear concise and jargon free style that has made contexts the public face of sociology jodi o brien and arlene stein former contexts editors have chosen pieces that are timely thought provoking and especially suitable for classroom use written introductions that frame each of the books three main sections and provided questions for discussion

## ***West's Revised Code of Washington Annotated 1961***

the kaleidoscope of gender prisms patterns and possibilities provides an accessible timely and stimulating overview of the cutting edge literature and theoretical frameworks in sociology and related fields in order to understand the social construction of gender the kaleidoscope metaphor and its three themes prisms patterns and possibilities unify topic areas throughout the book by focusing on the prisms through which gender is shaped the patterns which gender takes and the possibilities for social change the reader gains a deeper understanding of ourselves and our relationships with others both locally and globally editors catherine valentine mary nell trautner and the work of joan spade focus on the paradigms and approaches to gender studies that are constantly changing and evolving the sixth edition includes incorporation of increased emphasis on global perspectives updated contemporary social movements such as blacklivesmatter and metoo and an updated focus on gendered violence

## **Gun Guys 2013-03-05**

the history of the american gun is intricately entwined with the history of america itself promising developments in gun technology could change not only america s future but the future of the world unfortunately the radical anti gun lobby is standing between innovation and the american people bestselling author frank miniter details the amazing breakthroughs waiting to happen in gun technology that could make today s firearms exponentially safer and smarter if the anti gun lobby weren t halting progress in its tracks in the future of the gun you will learn why anti gun groups often oppose gun safety features how guns and gun education for young people cut crime how federalism could save your gun rights new trends in gun technology that will make guns safer and more effective why most talk about assault rifles is bogus how military and civilian gun technology have always advanced in tandem for the benefit of soldiers and private citizens what guns could look like in just a few years want to know about the future of guns there is no better place to start than here

## **Guns and Contemporary Society 2015-12-01**

since more than 26 states have passed laws requiring training for concealed carrying of firearms citizens and police have a duty to teach the safe and responsible use of the weapons in eight other states that permit concealed carry

with no training required men and women have a moral obligation to learn how to carry and use their firearms safely and responsibly this handy little book contains everything a novice gun owner needs to know to start learning the basics of competent and safe pistol use as well as the essentials of using a gun in a potentially violent confrontation with a criminal it is an ideal textbook for state courses required for concealed carry permits while there are many excellent books on handguns marksmanship and self defense all are designed for those who want to be expert in those subjects there are no other books which address the specific concerns of someone who simply wants to carry a concealed firearm safely and responsibly until now bill clede serves on the connecticut state police firearms advisory committee which determines what training in his state will and will not include a fruitless search for a suitable text is what prompted him to develop this book one of clede s primary goals is teaching how to avoid discharging the firearm in the first place defusing aggressive behavior without resorting to shooting someone the practical pistol manual brings all these concerns together safety competent shooting and how to deal with violent behavior in one concise and affordable book this is the only book that fills the need of a text for novices that covers safety competent shooting and how to deal with potentially violent encounters

## **Gender, Sexuality, and Intimacy: A Contexts Reader 2017-01-13**

thoroughly updated and greatly expanded from its original edition this three volume set is the go to comprehensive resource on the legal social psychological political and public health aspects of guns in american life the landmark 2002 edition of guns in american society an encyclopedia of history politics culture and the law was acclaimed for helping readers get beyond the sometimes overheated rhetoric and navigate the overwhelming amount of unbiased academic research on gun related issues now in light of the steady rate of gun violence and several high profile shooting incidents this extraordinary three volume work returns in a timely and thoroughly updated edition with over 100 new entries the latest edition of guns in american society is the most current resource available on all aspects of the gun issue including rates of violence gun control gun rights regulations and legislation court decisions pro and anti gun organizations gun ownership hunters and collectors public opinion toward guns and much more with expert contributions from the fields of criminology history law medicine politics and social science it gives students journalists policymakers and researchers a foundation for their own investigations while helping readers of all kinds make decisions as family members potential gun owners and voters
