global climate change we can stop it addiction to oil we can replace  
it technological innovation we can create it but we can t wait twenty thirty or fifty years  
bill richardson launched his campaign for the presidency to remind the american people  
and their representatives in washington that we know how to get things done we need to  
end our dependence on oil and we need to do it yesterday this isn t something that s  
going to happen only in washington or detroit or even hollywood or tokyo it s going to  
take all of us a united united states we have the opportunity perhaps for only a few years  
to make dramatic but beneficial changes in the way we run america as leading by example  
makes clear if we succeed with strong presidential leadership and the support of the  
american people we will restore america s role in the world a source of moral leadership  
a source of astonishing technology and a source of optimism to be admired
