Reading with Canadian Celebrities Gr. 4-8

2003

by the end of the archaic period greek sanctuaries were bursting with dedications including many that bore epigrams this study views dedications comprehensively as sites of ritual efficacy and in particular it recovers epigrams reflections of and contributions to that efficacy and restores them to an important place in the panorama of greek religious practice in order to reconstruct the archaic experience of reading and viewing the book draws on studies of traditional poetic language as resonant with immanent meaning early greek poetry as socially and religiously effective performance and viewing art as an active response of aesthetic appreciation it argues that reading epigrams while viewing dedications generated effects of religious ritual and poetic performance and that visual and verbal representation of the dedicator s act of offering associated that rite with similar effects thereby framing the experiences of readers and viewers as reperformances of the earlier occasion

The Reading of Russian Literature in China

1877

reprint of the original first published in 1876

The Art of Reading Aloud

1998

approaching translations of tolkien s works as stories in their own right this book reads multiple chinese translations of tolkien s writing to uncover the new and unique perspectives that enrich the meaning of the original texts exploring translations of the lord of the rings the hobbit the silmarillion the children of hurin and the unfinished tales eric reinders reveals the mechanics of meaning by literally back translating the chinese into english to dig into the conceptual common grounds shared by religion fantasy and translation namely the suspension of disbelief and questions of truth literal allegorical and existential with coverage of themes such as gods and heathens elves and men race mortality and immortality fate and doom and language reinder s journey to chinese middle earth and back again drastically alters views on tolkien s work where even basic genre classification surrounding fantasy literature look different through the lens of chinese literary expectations invoking scholarship in tolkien studies fantasy theory and religious and translations studies this is an ambitious exercises in comparative imagination across cultures that suspends the prejudiced hierarchy of originals over translations

Zhu Xi's Reading of the Analects

1838

through an analysis of a wide array of contemporary chinese literature from inside and outside of china this volume considers some of the ways in which china and chineseness are understood and imagined using the central theme of the way in which literature has the potential to both reinforce and to undermine a national imaginary the volume contains chapters offering new perspectives on well known authors from jin yucheng to nobel prize winning mo yan as well as chapters focusing on authors rarely included in discussions of contemporary chinese literature such as the expatriate authors larissa lai and xiaolu guo the volume is complemented by chapters covering more marginalized literary figures throughout history such as macau born poet yiling the malaysian born novelist zhang guixing and the ethnically korean author kim hak ch ōl invested in issues ranging from identity and representation to translation and grammar it is one of the few publications of its kind devoting comparable attention to authors from mainland china authors from manchuria macau and taiwan and throughout the global chinese diaspora reading china against the grain imagining communities is a rich resource of literary criticism for students and scholars of chinese studies sinophone studies and comparative literature

the quiver: an illustrated magazine for sunday and general reading

2001
