A Guide to the World's Radio Stations 1995 so you think you have what it takes to be a dj and broadcaster awesome news for you and guess what this is very lucky news for you because in today s technology it allows anyone who wants to do what was once a limited to a very small percentage of people but now you can become an online internet dj and or broadcaster you can actually be the dj the station manager and even the program director who decides what to play on the station because it s all on the internet there are several ways and

approaches you can take in creating a streaming internet radio station which one you decide to choose depends on what your goals are and what type of ways you wish to go about doing them in if you are really motivated and inspired to start an internet based radio station that operates for the sole purpose of profit and revenue generation your direction and approach will be different than from the individual who just wants to set up an internet radio station for the only purpose of simply sharing his or her favorite opinions information or music with friends or people with the same interests as their own there are many excellent options for the beginner that of which require very little technical knowledge if you know how to create or put together mp3 format files upload them onto a server and then choose some options you can reach a world wide audience if this really interests you keep on reading because you re about to enter the world of online radio
