Why a book on brand positioning in pharma a fifty plus year old concept particularly when new age marketing frameworks such as customer experience design thinking agile marketing content marketing closed loop marketing omnichannel marketing and others are disrupting pharmaceutical marketing two reasons firstly brand positioning is not a marketing framework but a foundational principle it is customer centric at its core and competition oriented two of the most important aspects of marketing secondly while most marketers know what positioning is many are unclear on how to do it effectively hence this book *Brand Positioning in Pharma* aims to show how to create a winning positioning strategy for your brand in a hyper crowded market like pharmaceuticals Jack Trout and Al Ries pioneered the positioning concept they described it first in an article *Positioning is a Game People Play* in today's me too marketplace published in the June 1969 issue of *Industrial Marketing* they stated in the article

---

that positioning is a mental device that helps the typical consumer deal with overwhelming unwanted advertising in comparison today s consumer is much more overwhelmed with countless unwanted advertising messages in healthcare and pharma physicians apart from other advertising messages are constantly bombarded with numerous messages from pharma companies to survive in this overcrowded pharmaceutical marketplace and if a prescription drug brand s voice is to be heard above the current noise level pharma marketers need a precise meaningful and relevant positioning positioning that resonates with the customer brand positioning in pharma shows you how to do that with fifty two case studies demonstrating how some innovative marketers creatively positioned their products and won contents 1 brand positioning 2 disease branding 3 drug repositioning 4 blue ocean strategy 5 framing 6 brand positioning in the digital age
