Social Change and Everyday Life in Ireland, 1850-1922 2007

forty years ago ireland s emergence as a major force within the european union could hardly have been imagined how could the country james joyce once described as an old sow that eats her farrow transform into a technologically savvy playground for the young and wealthy drawing on the findings of a wide ranging survey conducted in 2002 irish social and political attitudes analyses the societal changes that have resulted from the unprecedented economic expansion of the 1990s the first four chapters examine new shifts in social attitudes including an emerging environmental awareness among the irish people and a growing acceptance of varying gender roles the last three chapters offer a comprehensive analysis of these social changes as they affect ireland s political landscape

The Scotch-Irish 1978

this collection offers a multi faceted investigation of the critical issue of the creation and place of the other in ireland the extraordinarily rapid recent economic development of ireland has effected a profound transformation in the island s social and cultural life in the process old verities and assumptions concerning the nature of irish society and culture have been called into question with a whole variety of new challenges coming to light the developments of the last two decades have transformed questions of what and who constitutes the other within irish society but in the process older societal faultlines based on gender disability and religious difference have not disappeared and historical processes of othering continue to play a critical role in influencing and moulding the social contours of the new ireland of the twenty first century drawing on a number of different disciplinary perspectives this collection presents a number of key analyses of social and cultural practices and policies that reflect anxieties about and negotiations of these changes examining historical and contemporary representation of fears about the porousness of national borders the increasing racialization of the irish state through social and juridical proscriptions and the popular and official narrative of progress

Social Work in Ireland 2005

a social history of women in ireland is an important and overdue book that explores the role and status of women in ireland from 1870 until 1970 looking at politics sociology marriage patterns religion education and work among other topics it provides a vital missing piece in the jigsaw of modern irish history using a combination of primary research and published works a social history of women in ireland explores the role and status of women in ireland it examines lifestyle options available to women during this period as well as providing an overview of the forces working for change within irish society in bringing together a wide ranging portfolio of material a social history of women in ireland 1870 1970 fills an important gap in the literature of the period by focusing on the experiences of irish women a group so often overlooked in histories of revolutionary men and prominent politicians crucial to a determination of the status of women throughout this period is an examination of the choices available regarding work marriage and emigration rosemary cullen owens stresses at all times the importance of class and land ownership as key determinants for women s lives a decrease in home industries allied to increasing mechanisation on the farm resulted in a contraction of labour opportunities for rural women with the establishment of an independent farming class the distinguishing criteria for status in rural ireland became ownership of land in which single minded patriarchal figures dominated in this context the position of women declined and a society evolved with a high pattern of late age marriages large numbers of unwed sons and daughters and an accepted pattern of emigration in the cities and towns the condition of lower working class women was especially distressing for most of the period with particular problems regarding housing health and sanitation through the work of campaigning activists equal educational and political rights were eventually attained from the early 1900s there was some expansion in female employment in shops offices and industry but domestic service remained a high source of employment for middle class women employment opportunities were limited and usually disappeared on marriage the civil service a major employer in an economy that was generally un dynamic and stagnant operated a bar on married women for much of the period rosemary cullen owens not merely traces these injustices but also the campaigns fought to right them she locates these struggles in the wider social context in which they took place this important book restores balance to the narrative of modern irish history changing the focus from key male political figures to society at large by unveiling the often forgotten story of the country s women over a tumultuous century of change in doing so rosemary cullen owens enriches our understanding of irish history from 1870 to 1970 a social history of women in
