

# Pdf free Nrpe documentation nagios (2023)

the nrpe addon is designed to allow you to execute nagios plugins on remote linux unix machines the main reason for doing this is to allow nagios to monitor local resources like cpu load memory usage the documentation provides an excellent over view of how to compile install and deploy nrpe i might want to add at the end that you do not want to restart nagios but perform a reload it is cleaner and will not interfere with current operations the following kb article describes how to install and configure nrpe from source for use with nagios core xi the linux nrpe agent that ships with nagios xi is only supported on centos rhel opensuse sles ubuntu and debian nrpe allows you to remotely execute nagios plugins on other linux unix machines this allows you to monitor remote machine metrics disk usage cpu load etc nrpe can also communicate with some of the windows agent addons so you can execute scripts and check metrics on remote windows machines as well this document describes how to install and configure nrpe from source for use with nagios core xi the linux nrpe agent that ships with nagios xi is only supported on centos rhel opensuse sles ubuntu and debian nagios remote plugin executor nrpe for installation instructions and information on the design overview of the nrpe addon please read the pdf documentation that is found in this directory docs nrpe pdf this document describes how to monitor hosts with nagios xi by using the nagios remote plugin executor nrpe and the nrpe configuration wizard the nrpe wizard allows for custom nrpe configurations compared to the linux server wizard it is more advanced nagios remote plugin executor nrpe is an agent used by nagios xi for communicating with remote hosts remote hosts are operating systems like linux and windows this kb article explains how nagios xi sends requests to the nrpe agent how the nrpe agent receives requests and executes the plugins this document describes how to install and configure nrpe from source for use with nagios xi the linux nrpe agent that ships with nagios xi is only supported on a few select distributions rhel and centos this document describes how to install and configure nrpe from source for use with nagios xi the linux nrpe agent that ships with nagios xi is only supported on a few select distributions rhel and centos this document describes how to monitor hosts with nagios xi by using nrpe this document is intended for use by nagios xi administrators who want to setup custom monitoring of servers using nrpe or who have existing hosts with the nrpe agent already installed and configured this document describes how to troubleshoot nrpe agent issues it covers solutions to common problems errors and general troubleshooting tips additionally it provides a simple framework to systematically drill down problems with nrpe this kb article shows you how to configure nrpe to accept arguments when installing nrpe from source how to install nrpe v3 from source it comes preconfigured with five static commands command check users usr local nagios libexec check users w 5 c 10 this document describes how to monitor hosts with nagios xi by using the nagios remote plugin executor nrpe and the nrpe configuration wizard the nrpe wizard allows for custom nrpe configurations compared to the linux server wizard it is more advanced this document describes how to monitor linux hosts with nagios xi by using the nagios remote plugin executor nrpe and the linux server configuration wizard nagios remote plugin executor nrpe is an agent used by nagios xi for communicating with remote hosts remote hosts are operating systems like linux and windows this kb article explains how nagios xi sends requests to the nrpe agent how the nrpe agent receives requests and executes the plugins this document describes how to install and configure nrpe from source for use with nagios core xi the linux nrpe agent that ships with nagios xi is only supported on centos rhel opensuse sles ubuntu and debian nagios support knowledgebase home categories products nrpe documentation all categories jumpstart guides 5 check library 17 the following documentation is applicable to monitoring windows using nrpe monitoring windows using nsclient nrpe agent installation there are several methods commonly used for installing the nrpe agent on your hosts nagios xi linux nrpe agent you can read more about the server side installation in the nagios installation guide while this guide will focus on the client side in this tutorial you will learn how to install nrpe on debian red hat based distributions how to configure nrpe to accept commands from the server

**nrpe documentation nagios** May 24 2024 the nrpe addon is designed to allow you to execute nagios plugins on remote linux unix machines the main reason for doing this is to allow nagios to monitor local resources like cpu load memory usage

*official nrpe documentation nagios exchange* Apr 23 2024 the documentation provides an excellent over view of how to compile install and deploy nrpe i might want to add at the end that you do not want to restart nagios but perform a reload it is cleaner and will not interfere with current operations

**nrpe how to install nrpe nagios support** Mar 22 2024 the following kb article describes how to install and configure nrpe from source for use with nagios core xi the linux nrpe agent that ships with nagios xi is only supported on centos rhel opensuse sles ubuntu and debian

[nrpe nagios remote plugin executor nagios exchange](#) Feb 21 2024 nrpe allows you to remotely execute nagios plugins on other linux unix machines this allows you to monitor remote machine metrics disk usage cpu load etc nrpe can also communicate with some of the windows agent addons so you can execute scripts and check metrics on remote windows machines as well

**nrpe how to install nrpe v4 from source nagios support** Jan 20 2024 this document describes how to install and configure nrpe from source for use with nagios core xi the linux nrpe agent that ships with nagios xi is only supported on centos rhel opensuse sles ubuntu and debian

*github nagiosenterprises nrpe nrpe agent* Dec 19 2023 nagios remote plugin executor nrpe for installation instructions and information on the design overview of the nrpe addon please read the pdf documentation that is found in this directory docs nrpe pdf

[monitoring hosts using nrpe in nagios xi 2024](#) Nov 18 2023 this document describes how to monitor hosts with nagios xi by using the nagios remote plugin executor nrpe and the nrpe configuration wizard the nrpe wizard allows for custom nrpe configurations compared to the linux server wizard it is more advanced

*nrpe agent and plugin explained nagios support* Oct 17 2023 nagios remote plugin executor nrpe is an agent used by nagios xi for communicating with remote hosts remote hosts are operating systems like linux and windows this kb article explains how nagios xi sends requests to the nrpe agent how the nrpe agent receives requests and executes the plugins

**source based nrpe installation and xi nagios library** Sep 16 2023 this document describes how to install and configure nrpe from source for use with nagios xi the linux nrpe agent that ships with nagios xi is only supported on a few select distributions rhel and centos

**source based nrpe installation and xi nagios exchange** Aug 15 2023 this document describes how to install and configure nrpe from source for use with nagios xi the linux nrpe agent that ships with nagios xi is only supported on a few select distributions rhel and centos

*monitoring hosts using nrpe nagios library* Jul 14 2023 this document describes how to monitor hosts with nagios xi by using nrpe this document is intended for use by nagios xi administrators who want to setup custom monitoring of servers using nrpe or who have existing hosts with the nrpe agent already installed and configured

**nrpe troubleshooting and common solutions nagios library** Jun 13 2023 this document describes how to troubleshoot nrpe agent issues it covers solutions to common problems errors and general troubleshooting tips additionally it provides a simple framework to systematically drill down problems with nrpe

**configuring nrpe commands to accept arguments nagios support** May 12 2023 this kb article shows you how to configure nrpe to accept arguments when installing nrpe from source how to install nrpe v3 from source it comes preconfigured with five static commands command check users usr local nagios libexec check users w 5 c 10

**purpose target audience nrpe overview nagios** Apr 11 2023 this document describes how to monitor hosts with nagios xi by using the nagios remote plugin executor nrpe and the nrpe configuration wizard the nrpe wizard allows for custom nrpe configurations compared to the linux server wizard it is more advanced

**monitoring linux using nrpe nagios** Mar 10 2023 this document describes how to monitor linux hosts with nagios xi by using the nagios remote plugin executor nrpe

and the linux server configuration wizard

**nrpe agent and plugin explained nagios support** Feb 09 2023 nagios remote plugin executor nrpe is an agent used by nagios xi for communicating with remote hosts remote hosts are operating systems like linux and windows this kb article explains how nagios xi sends requests to the nrpe agent how the nrpe agent receives requests and executes the plugins

[how to install nrpe v4 from source nagios](#) Jan 08 2023 this document describes how to install and configure nrpe from source for use with nagios core xi the linux nrpe agent that ships with nagios xi is only supported on centos rhel opensuse sles ubuntu and debian

*documentation nagios support knowledgebase* Dec 07 2022 nagios support knowledgebase home categories products nrpe documentation all categories jumpstart guides 5 check library 17

**monitoring hosts using nrpe in nagios xi 2024** Nov 06 2022 the following documentation is applicable to monitoring windows using nrpe monitoring windows using nsclient nrpe agent installation there are several methods commonly used for installing the nrpe agent on your hosts nagios xi linux nrpe agent

*how to setup nrpe for client side monitoring linux* Oct 05 2022 you can read more about the server side installation in the nagios installation guide while this guide will focus on the client side in this tutorial you will learn how to install nrpe on debian red hat based distributions how to configure nrpe to accept commands from the server
