a timely and solid portrait of modern china

Ten Lessons in Modern Chinese History

2020-10-20

this book is part of an initiative in cooperation with renowned
chinese publishers to make fundamental formative and
influential chinese thinkers available to a western readership
providing absorbing insights into chinese reflections of late
haipeng zhang and jinyi zhai provide us with a history of china
s struggle for national independence and prosperity reflecting
the humiliation in the sinking period and the struggle during
the rising period after the japanese aggressions against china had

caused more damage to china than all previous invasions chinese society not only avoided the continued sinking but also laid the foundation for china s modernization and the recent success story to the present day

A Brief Modern Chinese History

2021-03-14

the study of modern chinese history has developed rapidly in recent decades and has seen increased exploration of new topics and innovative approaches resulting from a special issue of modern chinese history studies this set is devoted to showcasing the healthy development of chinese modern history studies and has already been revised twice in the original language this three volume set exhibits major achievements on the study of modern chinese history and shows how the role of history was in debate transformation and re evaluation throughout this tortuous yet prosperous period articles on 23 different topics are collected from over 30 prominent historians in order to represent their insights on the developmental paths of chinese historical studies drawing on a large number of case studies of critical historical events that contribute to the establishment of the people s republic of china this set offers a panoramic view on the studies of modern chinese history in addition it incorporates more pioneering topics such as intellectual history cultural history and translations of overseas studies on contemporary chinese history this book will be a valuable reference for

scholars and students of chinese history

Contemporary Studies on Modern Chinese History

2017-10-03

unlike other texts on modern chinese history which tend to be either encyclopedic or too pedantic revolution and its past is comprehensive but concise focused on the most recent scholarship and written in a style that engages students from beginning to end the third edition uses the theme of identities of the nation itself and of the chinese people to probe the vast changes that have swept over china from late imperial times to the early twenty first century in so doing it explores the range of identities that china has chosen over time and those that outsiders have attributed to china and its people showing how as china rapidly modernizes the issue of chinese identity in the modern world looms large

Revolution and Its Past

2016

while there are a great many books that deal with chinese history as a whole or with modern chinese history in the twentieth century or thematically e g revolution economics etc

this book deals with a broad narrative introductory but detailed of the period starting with the qing dynasty 1644 1912 and takes it to the present the narrative arc begins with imperial china s greatest extent of wealth and power traces it through its downward spiral and ultimate demise and follows its revolutions civil wars invasions radical political interlude and rise once again to world prominence provided by publisher

Patterns of Modern Chinese History

2015-04-21

rereading modern chinese history is a collection of short essays on aspects of the history of the qing dynasty a regime dominated by manchus that ruled china from 1644 to 1911 using sources from that period and earlier it addresses key themes on the nature of qing rule these include the defeat by the british in the opium wars the twin track administration of manchus and han chinese the rise of chinese military leaders in southern china the purchase of office and endemic corruption the challenge of the taiping heavenly kingdom and the failure of political reform there are new insights on all the qing emperors and the empress dowager cixi who ruled china between 1861 and 1908

Contemporary Studies on Modern Chinese History II

2003-08

what is chinese about china s modern state this book proposes that the state we see today has developed over the past two centuries largely as a response to internal challenges emerging from the late empire well before the opium war chinese confronted such constitutional questions as how does the scope of political participation affect state power how is the state to secure a share of society s wealth in response to the changing demands of the age this agenda has been expressed in changing language yet because the underlying pattern remains recognizable the modernization of the state in response to foreign aggression can be studied in longer perspective the author offers three concrete studies to illustrate the constitutional agenda in action how the early nineteenth century scholar activist wei yuan confronted the relation between broadened political participation and authoritarian state power how the reformist proposals of the influential scholar feng guifen were received by mainstream bureaucrats during the 1898 reform movement and how fiscal problems of the late empire formed a backdrop to agricultural collectivization in the 1950s in each case the author presents the modern constitutional solution as only the most recent answer to old chinese questions the book concludes by describing the

transformation of the constitutional agenda over the course of the modern period

Origins of the Modern Chinese State

2023-02-15

Let's take a look at the past 120 years of Chinese history from the country's start as a backward struggling empire in the late 19th century to a totalitarian communist superpower. The radical transformation of China from a dynastic monarchy to a dominant global communist regime is very compelling for readers of all ages and interests, and this book tells the history of the most important developments during this period filled with ideological and intellectual struggles, internal divisions, and civil wars, conflicts with foreign nations, and influential changes throughout the 20th century. Modern Chinese history promises to be an interesting read throughout the book; you will learn about the following: the collapse of the Qing dynasty in early 20th-century China; influential characters from the early days of the Chinese Republic; events that shaped the first thirty years of the 20th century in China and eventually led to the first united front; the rise of communism and the formation of the CCP; the impact of World War II, Japanese occupation, and the Chinese Civil War; Mao Zedong's communist victory and the fleeing of the nationalist government to the island of Taiwan; the formation of the People's Republic of China; and the socioeconomic policies of

the 1950s the great leap forward and its results for the chinese people the cultural revolution mao s death and the development of the country from the late 1970s and much much more scroll up and click the add to cart button to begin learning about modern china

Modern China

1991

china s transformation in the last few decades has been perhaps the most remarkable and most controversial development in modern history barely a century removed from the struggling and outdated qing empire china has managed to reinvent itself on an unprecedented scale from empire to communist state to hybrid capitalist superpower yet the full implications of china s rapid march to modernity are not widely understood particularly the effects of china s meteoric rise on the nation s many ethnic minorities china a modern history is the definitive guide to this complex contemporary phenomenon deng xiaoping s 1980s policy of reform and opening which saw china enter the world market is only the most recent in a series of dramatic shifts that have transformed chinese society over the past 150 years china a modern history explores these contrasts in detail while also highlighting the enduring values which have informed chinese identity for millennia michael dillon s china a modern history is essential reading for those interested in the

past present and future course of one of the world's great nations clearly and compellingly written this will stand as the best introduction to this spectacular and still unfinished story

The Revolution of 1911

2010-07-30

wu tingfang 1842 1922 was a contemporary of li hongzhang yuan shikai hei and sun yixian sun yat sen all of whom were involved in china's attempt at reform and modernization in the late 19th and early 20th centuries during his time wu was a prominent political figure participating actively in public service and political activities in hong kong shanghai and guangzhou this book is a biography of wu and sheds considerable light on a crucial period in chinese history

China

1992-08-01

the chinese language spoken by over one billion people has undergone drastic changes over the past century this book presents a comprehensive and up to date account of the development of chinese from the late 19th century onwards

Wu Tingfang (1842-1922)

1999

first published in 1961 and reissued in new editions several times this is the pioneering classic study of 20th century chinese fiction the book covers some 60 years from the literary revolution of 1917 through the cultural revolution of 1966 76 c t hsia prof emeritus of chinese at columbia univ examines the major writers from lu hsun to eileen chang and representative works since 1949 from both mainland china and taiwan the first serious study of modern chinese fiction in english this book is also the best study of its subject available not only the specialist but every reader who is interested in china or in literature will find it of interest hsia s astute insights and graceful writing make the book enjoyable as well as deeply edifying

Modern Chinese

1999-11-22

this work offers the first systematic analysis of writings on modern chinese history by historians in china from the early twentieth century to the present it traces the construction of major interpretive schemes the evolution of dominant historical narratives and the unfolding of debates on the most controversial issues in different periods placing history writing in the context

of political rivalry and ideological contestation huaiyin li explicates how the historians dedication to faithfully reconstructing the past was compromised by their commitment to an imagined trajectory of history that fit their present day agenda and served their needs of political legitimation beginning with an examination of the contrasting narratives of revolution and modernization in the republican period the book scrutinizes changes in the revolutionary historiography after 1949 including its disciplinization in the 1950s and early 1960s and radicalization in the rest of the mao era it further investigates the rise of the modernization paradigm in the reform era the crises of master narratives since the late 1990s and the latest development of the field central to the author s analysis is the issue of truth and falsehood in historical representation li contends that both the revolutionary and modernization historiographies before 1949 reflected historians lived experiences and contained a degree of authenticity in mirroring the historical processes of their own times in sharp contrast both the revolutionary historiography of the maoist era and the modernization historiography of the reform era were primarily products of historians ideological commitment which distorted and concealed the past no less than revealed it in search of a more effective approach to rewriting modern chinese history reinventing modern china proposes a within time open ended perspective which allows for different directions in interpreting the events in modern china and views modern

chinese history as an unfinished process remaining to be defined as the country entered the twenty first century

A History of Modern Chinese Fiction, Third Edition

2012

a vivid account of chinese intellectuals across the twentieth century that provides a guide to making sense of china today

this new single volume reference on the modern chinese nation deftly chronicles the broad expanse of chinese history surveying not only this superpower s complex culture and politics but the numerous societal revolutions that transformed a pre industrial nation into a superpower here is an informative and fascinating account that begins with imperial china and leads into the opium war the taiping uprising the civil war and the communist victory mao s socialist transformation and many other political economic and social events critical to understanding modern china writing about the most current information gathered from years of study and research dr e leung offers a fresh and compelling approach to the history of today s china this handy pocket guide is the essential reference for any student or enthusiast of modern china

Readings in Modern Chinese History

1982

this book explores how fieldwork has been used to research chinese history in the past and new ways that others might use in it the future it introduces the previous generations of scholars who ventured out of the archive to conduct local investigations in chinese cities villages farms and temples it goes on to present the techniques of historical fieldwork providing guidance on how to integrate oral history into research plans and archival research conduct interviews and locate sources in the field

chapters by established researchers relate these techniques to specific types of fieldwork including religion the imperial past natural environments and agriculture combining the past and the future of the craft the book provides a rich resource for scholars coming new to fieldwork in the history of china

Modern China and Japan

2012-01-01

gender and sexuality have been neglected topics in the history of chinese civilization despite the fact that philosophers writers parents doctors and ordinary people of all descriptions have left reams of historical evidence on the subject moreover china s late imperial government was arguably more concerned about gender and sexuality among its subjects than any other pre modern state sexual desire and sexual activity were viewed as innate human needs essential to bodily health and well being and universal marriage and reproduction served the state by supplying tax paying subjects duly bombarded with propaganda about family values how did these and other late imperial legacies shape twentieth century notions of gender and sexuality in modern china in this wonderfully written and enthralling book susan mann answers that question by focusing in turn on state policy ideas about the physical body and notions of sexuality and difference in china s recent history from medicine to the theater to the gay bar from law to art and sports

more broadly the book shows how changes in attitudes toward sex and gender in china during the twentieth century have cast a new light on the process of becoming modern while simultaneously challenging the universalizing assumptions of western modernity

Modern Chinese History 1840-1949

2005-07-15

now in a fully updated edition this accessible text provides a balanced history of modern china in a global context the authors focus especially on china s culture warfare and immediate neighbors and provide a unique comparative approach to bridge the cultural divide separating chinese history from western readers trying to understand it
