Communications Equipment

1981

today we recognize that we have a different relationship to media technology and to information

Encyclopedia of Information Systems and Services

1978

more broadly than we had even five years ago we are connected to the news media to our jobs and to each other 24 hours a day but many people have found their mediated lives to be too fast too digital too disposable and too distracted this group which includes many technologists and young people believes that current practices of digital media production and consumption
