popular mechanics inspires instructs and influences readers to help them master the modern world whether it s practical diy home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science pm is the ultimate guide to our high tech lifestyle

Popular Mechanics

2010-10-04

in large cities in developed countries the share of manufacotruing has declined drastically in the last decades and the share of service has grown as many manufacturing firms have closed or moved to lower cost locations the process of deindustrialization is often seen as part of the inevitable shift towards a knowledge based economy and urban economies come to rely on research and development financial services tourism and the creative industries this book looks at the changing link between manufacturing and knowledge based activities in urban regions the authors develop a new framework drawing on insights from organization studies and

regional economic literature looking at various international case studies in western and eastern europe south america and asia

Manufacturing in the New Urban Economy

1993
