the momentous story of how george washington alexander hamilton and john adams navigated the crises of the 1790s and in the process bound the states into a unified nation today the united states is the dominant power in world affairs and that status seems assured yet in the decade following the ratification of the constitution the republic s existence was contingent and fragile challenged by domestic rebellions foreign interference and the always present danger of collapse into mob rule carol berkin reveals that the nation survived almost entirely due to the actions of the federalist leadership george washington alexander hamilton and john adams reacting to successive crises they extended the power of the federal government and fended off foreign attempts to subvert american sovereignty as berkin argues the result was a spike in nationalism as ordinary citizens began to identify with their nation first their home states second while the revolution freed the states and the constitution linked them as never before this landmark work shows that it was the federalists who transformed the states into an enduring nation this book provides an overview of the study of public management from some of the most authoritative experts in this area of study in europe and the united states establishing a dialogue between different approaches to this discipline reproduction of the original my three years in america by count bernstorff analyzing the war on poverty theories of the culture of poverty and the underclass the effects of reaganomics and the 1996 welfare reform stricker demonstrates that most antipoverty approaches are futile without the presence or creation of good jobs the nobel prize winning prime minister s historic speeches from the final year of wwii are collected in this essential volume during the final eight months of world war ii prime minister winston churchill gave some of the most brilliant and consequential speeches of his career here are churchill s war status reports delivered to the house of commons his rousing statements to the british people and his global broadcasts including his announcement of germany s unconditional surrender on may 8th 1945 these speeches detail churchill s public reactions to the forming of the united nations the death of roosevelt the dropping of the atomic bomb and lastly the election that defeats him perhaps most notable is the gestapo speech of 1945 in which churchill made a controversial comparison between a socialist government and the gestapo an extremely charged word at that time that many believe cost him his job as prime minister morris swadesh one of this century s foremost scientific investigators of language dedicated much of his life to the study of the origin and evolution of language this volume left nearly completed at his death and edited posthumously by joel f sherzer is his last major study of this difficult subject swadesh discusses the simple qualities of human speech also present in animal language and establishes distinctively human techniques of expression by comparing the common features that are found in modern and ancient languages he treats the diversification of language not only by isolating root words in different languages but also

by dealing with sound systems with forms of composition and with sentence structure in so doing he demonstrates the evidence for the expansion of all language from a single central area swadesh supports his hypothesis by exhibits that conveniently present the evidence in tabular form further clarity is provided by the use of a suggestive practical phonetic system intelligible to the student as well as to the professional the book also contains an appendix in which the distinguished ethnographer of language dell hymes gives a valuable account of the prewar linguistic tradition within which swadesh did some of his most important work this memoir details the ups and downs of a life in science as well as the pleasures of life in europe japan and africa alfred prince describes the importance of his many friends in contributing to his education successes in research and pleasure in life he also describes the enemies who made life difficult a major portion of the book concentrates on the nature of chimpanzees which have played such an important role in dr prince s research the relationship between these near human animals and man is extensively explored finally prince speculates on the creation of a chimp human hybrid manzee in the hope that this offspring could cast further light on the relationship between these two closely related animals americans have an unusually strong family ideology we believe that morally self sufficient nuclear households must serve as the foundation of a republican society in this brilliant history barry levy traces this contemporary view of family life all the way back to the quakers levy argues that the quakers brought a new vision of family and social life to america one that contrasted sharply with the harsh formal world of the puritans in new england the quaker emphasis was on affection friendship and hospitality they stressed the importance of women in the home and of self disciplined non coercive childrearing this book explains how and why the quakers had such a profound cultural impact and why more so in pennsylvania and america than in england and what the quakers experience with their own radical family system can tell us about american family ideology who were the northwest british quakers and why did their family system so impress english french and new england reformers voltaire crevecouer brissot emerson george bancroft lydia maria child and lousia may alcott to name just a few to answer this question levy tells the story of a large group of quaker farmers from their development of a new family and communal life in england in the 1650s to their emigration and experience in pennsylvania between 1681 and 1790 the book is thus simultaneously a trans atlantic community study of the migration and transplantation of ordinary british peoples in the tradition of sumner chilton powell s puritan village the story of the formation and development of a major anglo american faith and an exploration of the origins of american family ideology doctoral thesis dissertation from the year 2008 in the subject law comparative legal systems comparative law grade cum laude university of augsburg prof dr möllers course rechtsvergleichung kapitalmarktrecht language english abstract to the point four years ago the german act establishing the federal financial supervisory authority findag provided for a one stop financial services agency bafin which was to succeed three formerly independent public authorities for the supervision of banking insurance and securities whereas this on stop shop approach has been both acclaimed and criticized

the us securities and exchange commission from its very beginning administered the areas of corporate finance market regulation and investment although the missions of both supervisory authorities correspond the powers transferred and thus the means of operations differ sharply limited to the supervisory power for capital markets the thesis will analyse the agencies historical development governing law operations and legal means and conduct an estimate of their economic efficiency a comparison will help to provide suggestions for further legal design and development of the bafin in the following years veronika fischer geb 1982 promovierte nach dem studium der rechts und wirtschaftswissenschaften universität augsburg und dem abschluss als mba university of dayton im internationalen kapitalmarktrecht mit einem us forschungsaufenthalt university of north carolina sie ist einer internationalen unternehmensberatung tätig reflecting the best recent scholarship of early america and the early republic the articles in this collection study the many dimensions of american political history the authors explore native american interests and encounters with settlers diplomatic endeavors environmental issues legal debates and practiced law women s citizenship and rights servitude and slavery and popular political activity the geographical perspective is as expansive as the topical with strong representation of trans atlantic and continental interests of many nations and peoples the international and interdisciplinary perspectives illustrate the dynamic transformations of america during this era of settlement conquest development revolution and nation building presents a complete reference guide to american political parties and elections including an a z listing of presidential elections with terms people and events involved in the process a monthly register of the most important works published in north and south america in india china and the british colonies with occasional notes on german dutch danish french italian spanish portuguese and russian books for the past three decades many history professors have allowed their biases to distort the way america s past is taught these intellectuals have searched for instances of racism sexism and bigotry in our history while downplaying the greatness of america s patriots and the achievements of dead white men as a result more emphasis is placed on harriet tubman than on george washington more about the internment of japanese americans during world war ii than about d day or iwo jima more on the dangers we faced from joseph mccarthy than those we faced from josef stalin a patriot s history of the united states corrects those doctrinaire biases in this groundbreaking book america s discovery founding and development are reexamined with an appreciation for the elements of public virtue personal liberty and private property that make this nation uniquely successful this book offers a long overdue acknowledgment of america s true and proud history excellent deserves high praise mr taylor conveys this sprawling continental history with economy clarity and vividness brendan simms wall street journal the american revolution is often portrayed as a high minded orderly event whose capstone the constitution provided the nation its democratic framework alan taylor a two time pulitzer prize winner gives us a different creation story in this magisterial history the american revolution builds like a ground fire overspreading britain s colonies fueled by local conditions and resistant to control emerging from the

continental rivalries of european empires and their native allies the revolution pivoted on western expansion as well as seaboard resistance to british taxes when war erupted patriot crowds harassed loyalists and nonpartisans into compliance with their cause the war exploded in set battles like saratoga and yorktown and spread through continuing frontier violence the discord smoldering within the fragile new nation called forth a movement to concentrate power through a federal constitution assuming the mantle of we the people the advocates of national power ratified the new frame of government but it was jefferson s expansive empire of liberty that carried the revolution forward propelling white settlement and slavery west preparing the ground for a new conflagration this historical biography provides a scholarly analysis of the personal diaries of a young freeborn mulatto woman during the civil war years in notes from a colored girl karsonya wise whitehead examines the life and experiences of emilie frances davis through a close reading of three pocket diaries she kept from 1863 to 1865 whitehead explores davis s worldviews and politics her perceptions of both public and private events her personal relationships and her place in philadelphia s free black community in the nineteenth century the book also includes a six chapter historical reconstruction of davis s life while davis s entries provide brief daily snapshots of her life whitehead interprets them in ways that illuminate nineteenth century black american women s experiences whitehead s contribution of edited text and original narrative fills a void in scholarly documentation of women who dwelled in spaces between white elites black entrepreneurs and urban dwellers of every race and class drawing on scholarly traditions from history literature feminist studies and sociolinguistics whitehead investigates davis s diary both as a complete literary artifact and in terms of her specific daily entries with few primary sources written by black women during this time in history davis s diary is a rare and extraordinarily valuable historical artifact features essays statistical data period photographs maps and documents putting the three branches into historical context is important for understanding them but equally important is illuminating the testing ground for their formation and solidification as current rules and regulations governments are fluid entities and even written documents can be amended and changed out of careful consideration observation and sometimes necessity more closely than the rest of the books in this series this text shines a light on previous documented changes to the written record underpinning the u s government the u s constitution and how they came to be made monthly magazine devoted to topics of general scientific interest a collection of essays which trace women s struggle for social and political independence in the united states this volume brings together distinguished scholars to address broad societal claims about the surge in populist nationalism in the scholarly literature on collective memory the book sets the stage by examining historical origins and case studies of populism and nationalism in the united states before exploring these phenomena in the global context next the book establishes conceptual frameworks for approaching nationalism and populism in national narratives through the literature on collective memory political psychology history and international studies the book concludes with a discussion on common themes uncovered over the course of the book

throughout each section the book uses empirical evidence and conceptual claims to shed light on the rise in global populist nationalism in a thoughtful comprehensive manner for scholars of a wide range of backgrounds national memories offers a multidisciplinary modern approach to an old global societal challenge in a time of great political and social upheaval the magazine of mobile warfare breaking from traditional historical interpretations of the period eric nellis takes a long view of the origins and consequences of the revolution and asserts that the revolution was not as others have argued generated by a well developed desire for independence but rather by a series of shifts in british imperial policies after 1750 nellis argues that the revolution was still being shaped as late as 1820 and that many racial territorial economic and constitutional issues were submerged in the growth of the republic and the enthusiasm of the population in addressing the nature of the revolution nellis suggests that the american revolution and american political systems and principles are unique and much less suited for export than many americans believe this insightful set of essays reveals the day to day lives of the british colonists who laid the foundation for what became the united states british colonial america people and perspectives shifts the spotlight away from the famous political and religious leaders of the time to focus on colonial residents across the full spectrum of american society from the early 17th to the late 18th century in narrative chapters filled with biographical sketches british colonial america explores the day to day world of the religious groups entrepreneurs women and children laborers farmers and others who made up the vast majority of the colonial population coverage also includes those not afforded citizenship such as african slaves and native americans it is a revealing examination of life at ground level in colonial america one that finds the people of that time confronting issues that appear throughout the american experience the question of language origin has fascinated people for years the contributions in the present book stem primarily from the papers presented at the third international meeting of the language origins society los held at vanderbilt university in nashville tennessee june 1988 the contributors approach the problem not only from the viewpoint of linguistics but also from that of anatomy physiology social sciences physical anthropology paleoanthropology paleontology comparative zoology general biology ethology evolutionary biology and psychology

## **Making America, Complete, Brief, 2nd Ed + Discovering America's Past, Volume 1&2, 5th Ed 2005-03-01**

the momentous story of how george washington alexander hamilton and john adams navigated the crises of the 1790s and in the process bound the states into a unified nation today the united states is the dominant power in world affairs and that status seems assured yet in the decade following the ratification of the constitution the republic s existence was contingent and fragile challenged by domestic rebellions foreign interference and the always present danger of collapse into mob rule carol berkin reveals that the nation survived almost entirely due to the actions of the federalist leadership george washington alexander hamilton and john adams reacting to successive crises they extended the power of the federal government and fended off foreign attempts to subvert american sovereignty as berkin argues the result was a spike in nationalism as ordinary citizens began to identify with their nation first their home states second while the revolution freed the states and the constitution linked them as never before this landmark work shows that it was the federalists who transformed the states into an enduring nation

## **The Poetry of Life 2010-03-17**

for the past three decades many history professors have allowed their  
biases to distort the way america s past is taught these intellectuals  
have searched for instances of racism sexism and bigotry in our history  
while downplaying the greatness of america s patriots and the  
achievements of dead white men as a result more emphasis is placed on  
harriet tubman than on george washington more about the internment of  
japanese americans during world war ii than about d day or iwo jima more  
on the dangers we faced from joseph mccarthy than those we faced from  
josef stalin a patriot s history of the united states corrects those  
doctrinaire biases in this groundbreaking book america s discovery  
founding and development are reexamined with an appreciation for the  
elements of public virtue personal liberty and private property that make  
this nation uniquely successful this book offers a long overdue

acknowledgment of america s true and proud history

## **Quakers and the American Family : British Settlement in the Delaware Valley 1988-06-30**

excellent deserves high praise mr taylor conveys this sprawling continental history with economy clarity and vividness brendan simms wall street journal the american revolution is often portrayed as a high minded orderly event whose capstone the constitution provided the nation its democratic framework alan taylor a two time pulitzer prize winner gives us a different creation story in this magisterial history the american revolution builds like a ground fire overspreading britain s colonies fueled by local conditions and resistant to control emerging from the continental rivalries of european empires and their native allies the revolution pivoted on western expansion as well as seaboard resistance to british taxes when war erupted patriot crowds harassed loyalists and nonpartisans into compliance with their cause the war exploded in set battles like saratoga and yorktown and spread through continuing frontier violence the discord smoldering within the fragile new nation called forth a movement to concentrate power through a federal constitution assuming the mantle of we the people the advocates of national power ratified the new frame of government but it was jefferson s expansive empire of liberty that carried the revolution forward propelling white settlement and slavery west preparing the ground for a new conflagration

## ***History of the Second World War 1969***

this historical biography provides a scholarly analysis of the personal diaries of a young freeborn mulatto woman during the civil war years in notes from a colored girl karsonya wise whitehead examines the life and experiences of emilie frances davis through a close reading of three pocket diaries she kept from 1863 to 1865 whitehead explores davis s worldviews and politics her perceptions of both public and private events her personal relationships and her place in philadelphia s free black community in the nineteenth century the book also includes a six chapter historical reconstruction of davis s life while davis s entries provide brief daily snapshots of her life whitehead interprets them in ways that illuminate nineteenth century black american women s experiences whitehead s contribution of edited text and original narrative fills a void in scholarly documentation of women who dwelled in spaces between white elites black entrepreneurs and urban dwellers of every race and class drawing on scholarly traditions from history literature feminist studies and sociolinguistics whitehead investigates davis s diary both as a complete literary artifact and in terms of her specific daily entries with few primary sources written by black women during this time in history davis s diary is a rare and extraordinarily valuable historical artifact
