this book expounds the theory of international arbitration law it explains in easily accessible terms all the fundamentals of arbitration from separability of the arbitration agreement to competence competence over procedural autonomy finality of the award and many other concepts it does so with a focus on international arbitration law and jurisprudence in switzerland a global leader in the field with a broader reach than a commentary of chapter 12 of the swiss private international law act the discussion contains numerous references to comparative law and its developments in addition to an extensive review of the practice of international tribunals written by two well known specialists

professor kaufmann kohler being one of the leading arbitrators worldwide and professor rigozzi one of the foremost experts in sports arbitration the work reflects many years of experience in managing arbitral proceedings involving commercial investment and sports disputes this expertise is the basis for the solutions proposed to resolve the many practical issues that may arise in the course of an arbitration it also informs the discussion of the arbitration rules addressed in the book from the icc arbitration rules to the swiss rules of international arbitration the cas code and the uncitral rules while the book covers commercial and sports arbitrations primarily it also applies to investment arbitrations conducted under rules other than the icsid framework
