Old-World Questions and New-World Answers 2016-05-19

peace operations are the un s flagship activity over the past decade un blue helmets have been dispatched to ever more challenging environments from the congo to timor to perform an expanding set of tasks from protecting civilians in the midst of violent conflict to rebuilding state institutions after war a new range of tasks has transformed the business of the blue helmets into an inherently knowledge based venture but all too often the un blue helmets policemen and other civilian officials have been flying blind in their efforts to stabilize countries ravaged by war the un realized the need to put knowledge guidance and doctrine and reflection on failures and successes at the center of the institution building on an innovative multi disciplinary framework this study provides a first comprehensive account of learning in peacekeeping covering the crucial past decade of expansion in peace operations it zooms into a dozen cases of attempted learning across four crucial domains police assistance judicial reform reintegration of former combatants and mission integration throughout the different cases the study analyzes the role of key variables as enablers and stumbling blocks for learning bureaucratic politics the learning infrastructure leadership as well as power and interests of member states building on five years of

research and access to key documents and decision makers the book presents a vivid portrait of an international bureaucracy struggling to turn itself into a learning organization aimed at policy makers diplomats and a wide academic audience including those working in international relations peace research political science public administration and organizational sociology the book is an indispensable resource for anyone interested in the evolution of modern peace operations

The New World of UN Peace Operations 2011-06-09

the emerging church movement has quickly become one of the fastest growing ecclesiological phenomena in the west today but there is still a debate to be had about how the church understands its identity and purpose within postmodern culture offering an assessment of the impact of the emerging church upon the church in the west and examining the thinking of the movement's leading proponents including brian McLaren and Rob Bell *New World New Church* affirms what is good and insightful in the emerging church and offers a robust critical evaluation of its theological revisions table of contents 1 what is the emerging church 2 the emerging church and culture 3 the emerging church and eschatology 4 the emerging church and missiology 5 the emerging church and ecclesiology 6 the church of tomorrow bibliography

New World, New Church? 2017-11-30

answers to critical questions regarding the study of the Jesus of history and the Christ of faith the conclusions of the quest for the historical Jesus which casts the majority of Christ's life as a myth are a stark contrast to the orthodox view of Christ as presented in the Bible Pate demonstrates that a critical analysis of the Gospel text along with historical and cultural methods of investigation actually point toward an orthodox view of Christ this work argues that the canonical gospels are the most trustworthy information we have about the Gospel writers as well as the life and ministry of Jesus including his death visit to Hades resurrection and ascension readers will be encouraged by the reliability of the Gospel writers the reality of Jesus humanity and deity and the inferiority of the apocryphal gospels

40 Questions About the Historical Jesus 2015-04-27

the philosophy psychology and biology of happiness maps the development of the next generation of positive mood pharmacology offers a corrective to contemporary accounts of happiness

Mission Shaped Questions 2008

does god exist the question implies another who is god this book is meant to give an answer to both questions and to give reasons for this answer does god exist yes or no many are at a loss between belief and unbelief they are undecided skeptical they are doubtful about their belief but they are also doubtful about their doubting there are still others who are proud of their doubting yet there remains a longing for certainty certainty whether christians or jews believers in god or atheists the discussion today runs right across old denominations and new ideologies but the longing for certainty is unquenched does god exist we are putting all our cards on the table here the answer will be yes god exists as human beings in the twentieth century we certainly can reasonably believe in god even more so in the christian god and perhaps even more easily today than a few decades or centuries ago for after so many crises it is surprising how much has been clarified and how many difficulties in regard to belief in god have melted into the light that no darkness has overcome

Happy-People-Pills For All 2013-03-01

it is now generally accepted that the structure and function of the human body deeply influence the nature of human thought as a consequence our religious experiences are at least partially determined by our sensory organs emotional programs sexual sensibilities and the neural framework of our brains in spirituality in the flesh robert c fuller investigates how studying the body can help us to answer the profoundest spiritual questions why is it that some religious traditions assign spiritual currency to pain how do neurochemically driven emotions such as fear shape our religious actions what is the relationship between chemically altered states of consciousness and religious innovation using recent biological research to illuminate religious beliefs and practices fuller delves into topics as diverse as apocalypticism nature religion native american peyotism and the sexual experimentalism of nineteenth century communal societies in every case seeking middle ground between the arguments currently emanating from scientists and humanists he takes most scientific interpreters to task for failing to understand the inherently cultural aspects of embodied experience even as he chides most religion scholars for ignoring new knowledge about the biological substrates of human thought and behavior comfortable with the language of scientific analysis and sympathetic to the inherently subjective aspects of religious events fuller introduces the biological study of religion by joining together this era's unprecedented understanding of bodily states with an expert's knowledge of religious phenomena culling together insights from scientific observations historical allusions and literary references spirituality in the flesh offers a bold look at the biological underpinnings of religion and opens up new and exciting agendas for understanding the nature and value of human religiosity
