What Is Global History? 2017-08-29 the first comprehensive overview of the innovative new discipline of global history until very recently historians have looked at the past with the tools of the nineteenth century but globalization has fundamentally altered our ways of knowing and it is no longer possible to study nations in isolation or to understand world history as emanating from the west this book reveals why the discipline of global history has emerged as the most dynamic and innovative field in history one that takes the connectedness of the world as its point of departure and that poses a fundamental challenge to the premises and methods of history as we know it what is global history provides a comprehensive overview of this exciting new approach to history the book addresses some of the biggest questions the discipline will face in the twenty first century how does global history differ from other interpretations of world history how do we write a global history that is not eurocentric yet does not fall into the trap of creating new centrism how can historians compare different societies and establish compatibility across space what are the politics of global history this in depth and accessible book also explores the limits of the new paradigm and even its dangers the question of whom global history should be written for and much more written by a leading expert in the field what is global history shows how by understanding the world s past as an integrated whole historians can remap the terrain of their discipline for our globalized present

A Global History of the Developing World 2013-10-15 a global history of the developing world takes a sweeping look at the historical foundations of the problems of developing world society encompassing asia latin america and africa the book centralizes the struggle for self determination in an attempt to understand how the current nation states have been formed and what their future may hold although concentrating on the modern era its scope is broad it covers geography ancient and modern history economics politics and recent events the book features twelve chapters organized into 4 thematic units each containing one chapter on each of the three continents these units cover different commonly experienced phenomena among the peoples of the developing world imperialism nationalism globalization and development the first three are chronological while the last surveys and analyzes the scholarly debates over the causes of development and underdevelopment through these chapters christopher m white presents a wide ranging study of the major themes in studies of the developing world including slavery imperialism religion free and fair trade democratization and economic development including detailed profiles of key figures as well as maps and illustrations a global history of the developing world vividly illustrates the culture personalities and histories of a key subject area a perfect introduction for all students interested in the developing world in a historical context

Horizons 2022-03-24 superb sunday times revolutionary alice roberts hugely important jim al khalili a radical retelling of the history of science that foregrounds the scientists erased from history in this major retelling of the history of science from 1450 to the present day james poskett explodes the myth that science began in europe the blinkered western gaze focusing on individual genius copernicus newton darwin einstein was only one part of the story the reality was an utterly global non linear pattern of cross fertilization competition cooperation and outright conflict each rupture in history carved fresh channels for global exchange here for the first time poskett celebrates how scientists from africa america asia and the pacific were integral to this very human story we meet gramam kwasi the african botanist who discovered a new cure for malaria hantaro nagaoka the japanese scientist who first described the structure of the atom and zhao zhongyao the chinese physicist who discovered antimatter remarkable challenges almost everything we know about science in the west jerry brotton author of a history of the world in 12 maps perspective shattering caroline sanderson the bookseller editor s choice horizons upends traditional accounts of the history of science rebecca wragg sykes author of

kindred poskett deftly blends the achievements of little known figures into the wider history of science brims with clarity chris allnutt financial times

The Global History Reader 2005 review the global history reader is essential reading for all students with an interest in learning more about this definitive new area of historical study book jacket

Maoism 2019-03-14 a landmark work giving a global panorama of mao s ideology filled with historic events and enlivened by striking characters jonathan fenby author of the penguin history of china since the 1980s china seems to have abandoned the utopian turmoil of mao s revolution in favour of authoritarian capitalism but mao and his ideas remain central to the people s republic with disagreements between china and the west on the rise the need to understand the political legacy of mao is urgent and growing a crucial motor of the cold war maoism shaped the course of the vietnam war and brought to power the khmer rouge in cambodia it aided anti colonial resistance movements in africa it inspired terrorism in germany and italy and wars and insurgencies in peru india and nepal some of which are still with us today starting with the birth of mao s revolution in northwest china in the 1930s and concluding with its violent afterlives in south asia and resurgence in the people s republic today julia lovell re evaluates maoism as both a chinese and an international force linking its evolution in china with its global legacy wonderful andrew marr new statesman

World in the Making 2019 featuring a renowned author team and the best recent scholarship world in the making a global history is the first world history text to explore both the global and local dimensions of world history abundant full color maps and images along with other special pedagogical features that highlight the lives and voices of the world s peoples make this new synthesis accessible and memorable for students all at an affordable low price

Global Perspectives on Global History 2011-08-04 in recent years historians across the world have become increasingly interested in transnational and global approaches to the past however the debates surrounding this new border crossing movement have remained limited in scope as theoretical exchanges on the tasks responsibilities and potentials of global history have been largely confined to national or regional academic communities in this groundbreaking book dominic sachsenmaier sets out to redress this imbalance by offering a series of new perspectives on the global and local flows sociologies of knowledge and hierarchies that are an intrinsic part of historical practice taking the united states germany and china as his main case studies he reflects upon the character of different approaches to global history as well as their social political and cultural contexts he argues that this new global trend in historiography needs to be supported by a corresponding increase in transnational dialogue cooperation and exchange

Discovering the Global Past 2011-03-14 this successful world history reader in the popular discovering series contains a six part pedagogical framework that guides readers through the process of historical inquiry and explanation each chapter is organized within the same pedagogical framework the problem background the method the evidence questions to consider and epilogue the text emphasizes historical study as interpretation rather than memorization of data the fourth edition integrates new documents and revised coverage throughout while the comparative chapters contribute to a more thorough and balanced examination of global history

Global History, Globally 2018-02-22 in recent years historians in many different parts of the world have sought to transnationalize and globalize their perspectives on the past despite all these efforts to gain new global historical visions however the debates

surrounding this movement have remained rather provincial in scope global history globally addresses this lacuna by surveying the state of global history in different world regions divided into three distinct but tightly interweaved sections the book's chapters provide regional surveys of the practice of global history on all continents review some of the research in four core fields of global history and consider a number of problems that global historians have contended with in their work the authors hail from various world regions and are themselves leading global historians collectively they provide an unprecedented survey of what today is the most dynamic field in the discipline of history as one of the first books to systematically discuss the international dimensions of global historical scholarship and address a wealth of questions emanating from them global history globally is a must read book for all students and scholars of global history

Provincializing Global History 2020-01-07 a microhistory of eighteenth century systemic change that places ordinary french lives alongside global advances provincializing global history explores the subtle transformation of the coastal province of the languedoc in the eighteenth century mining a wealth of archival sources james livesey unveils how provincial elites and peasant households unwittingly created new practices managing local political institutions establishing new credit systems building networks of natural historians and introducing new plants and farm machinery to the region opened up the inhabitants of the province to new norms and standards the practices were gradually embedded in daily life and allowed the province to negotiate the new worlds of industrial society and capitalism

The Global History of Paleopathology 2011-05-01 the global history of paleopathology is the first comprehensive global compendium on the history of paleopathology an interdisciplinary scientific discipline that focuses on the study of ancient disease offering perspectives from regions that have traditionally had long histories of paleopathology such as the united states and parts of europe this volume also presents important work by an international roster of scholars who are writing their own regional and cultural histories in the field the book identifies major thinkers and figures who have contributed to paleopathology as well as significant organizations and courses that have sponsored scientific research and communication most notably the paleopathology association the volume concludes with an eye towards the future of the discipline discussing methods and research at the leading edge of paleopathology particularly those that employ the analysis of ancient dna and isotopes

A Global History of Doping in Sport 2016-03-22 from turn of the century horseracing to the monolithic anti doping attitudes now supported by sporting organizations the development of anti doping ideology has spread throughout modern sport yet heretofore few historians have explored the many ways that international sport has responded to doping this book seeks to fill that gap by examining different aspects of sport's global efforts to respond to athletes doping by incorporating cultural political and feminist histories that examine international responses to doping this special issue aims to better articulate the narrative of doping the work starts with the first mention of doping in any sport it examines not only the first efforts to ban doping but also the athletes who sought performance enhancers focusing on specific framing events authors in this issue examine how history of doping and how it has indelibly marked the sporting landscape the result is a work with both breadth and focus from stories of japanese swimmers to italian runners to american jockeys the work spans the range of doping history at the same time the authors remain focused around one single issue the history of doping in sport this book was published as a special issue of the international journal of the history of sport

Circulations in the Global History of Art 2016-03-03 the project of global art history calls for balanced treatment of artifacts and a

unified approach this volume emphasizes questions of transcultural encounters and exchanges as circulations it presents a strategy that highlights the processes and connections among cultures and also responds to the dynamics at work in the current globalized art world the editors introduction provides an account of the historical background to this approach to global art history stresses the inseparable bond of theory and practice and suggests a reevaluation of materialist historicism as an underlying premise individual contributions to the book provide an overview of current reflection and research on issues of circulation in relation to global art history and the globalization of art past and present they offer a variety of methods and approaches to the treatment of different periods regions and objects surveying both questions of historiography and methodology and presenting individual case studies an afterword by james elkins gives a critique of the present project the book thus deliberately leaves discussion open inviting future responses to the large questions it poses

Teaching Recent Global History 2014-03-05 teaching recent global history explores innovative ways to teach world history beginning with the early 20th century the authors unique approach unites historians social studies teachers and educational curriculum specialists to offer historically rich pedagogically innovative and academically rigorous lessons that help students connect with and deeply understand key events and trends in recent global history highlighting the best scholarship for each major continent the text explores the ways that this scholarship can be adapted by teachers in the classroom in order to engage and inspire students each of the eight main chapters highlights a particularly important event or theme which is then complemented by a detailed discussion of a particular methodological approach key features include an overarching narrative that helps readers address historical arguments relevant primary documents or artifacts plus a discussion of a particular historical method well suited to teaching about them lesson plans suitable for both middle and secondary level classrooms document based questions and short bibliographies for further research on the topic this invaluable book is ideal for any aspiring or current teacher who wants to think critically about how to teach world history and make historical discussions come alive for students

The Prospect of Global History 2016-02-11 the prospect of global history takes a new approach to the study of global history seeking to apply it rather than advocate it the volume seeks perspectives on history from east asian and islamic sources as well as european ones and insists on depth in historical analysis the prospect of global history will speak to those interested in medieval and ancient history as well as modern history chapters range from historical sociology to economic history from medieval to modern times from european expansion to constitutional history and from the united states across south asia to china

Global Economic History 2018-11-01 what are the problems addressed by the growing field of global economic history what debates and methodologies does it engage with as global economic history shows there are many answers to these questions riello and roy alongside 20 leading academics from the us uk europe australia and japan explain why a global perspective matters to economic history the impressive cast recruited by the editors brings together top scholars in their respective areas of expertise including john mcneill patrick o brien and prasannan parthasarathi an ambitious scope of topics ranges from the great divergence to the rise of global finance to the new world and the global silver economy chapters are organized both thematically divergence in global history and emergence of a world economy and geographically regional perspectives on global economic change ensuring the global perspective required on these challenging courses today the result is a textbook which provides students with a quick and confident

grasp of the field and its essential issues

Doing Global History 2019-10-31 the field of global history has experienced an unprecedented boom in the last two decades and carved itself deeply into the practice of historical research despite this its conceptual foundations have rarely been explored this introduction to what global history is brings together theory and practice with 6 key concepts delivered through 6 accessible case studies re evaluating the central concerns and key approaches in the field it offers an up to date discussion of the foundations of global history its guiding questions and principal methods at work doing global history offers students valuable insights into the ways general concepts can be used and applied when doing historical research the 6 concepts connections actors structures space time and transit and their accompanying examples will not only help readers to get a solid grasp of what global history means but will stimulate further engagement in the field wenzlhuemer successfully shows that global history is best considered as a perspective not a theory or paradigm and guides the reader through ways it can be used in practice to draw new and exciting conclusions tailored for classroom and student use this book will be invaluable to advanced undergraduates and postgraduates of global history

In the Balance 1998 this is volume two of a two volume world history text the book takes a thematic approach exploring different areas in a comparative manner and central themes are used to highlight the interconnectedness of the world s development across cultures and time the approach is roughly chronological though the organization deals with broader comparative issues such as the family the text explores how different parts of the world often follow similar paths even at different times and how similarities or differences in development can be revealing about particular societies the book places less emphasis on political history and more on social economic and cultural with coverage of gender and family and wide coverage of women s history the section openers have comparative chronological charts to help keep the student oriented with respect to events in different parts of the world and learning aids include debating the past boxes daily life boxes two four colour photo essays and marginal heads to help keep track of the testable material volume two examines world history after 1500

How to Write the Global History of Knowledge-Making 2020-03-02 this multidisciplinary collection of essays provides a critical and comprehensive understanding of how knowledge has been made moved and used by whom and for what purpose to explain how new knowledge emerges this volume offers a two fold conceptual move challenging both the premise of insurmountable differences between confined autarkic cultures and the linear nation centered approach to the spread of immutable stocks of knowledge rather the conceptual focus of the book is on the circulation amalgamation and reconfiguration of locally shaped bodies of knowledge on a broader global scale the authors emphasize that the histories of interaction have been made less transparent through the study of cultural representations thus distorting the view of how knowledge is actually produced leading scholars from a range of fields including history philosophy social anthropology and comparative culture research have contributed chapters which cover the period from the early modern age to the present day and investigate settings in africa asia and europe their particular focus is on areas that have largely been neglected until now in this work readers from many disciplines will find new approaches to writing the global history of knowledge making especially historians scholars of the history and philosophy of science and those in culture studies

A Global History of Convicts and Penal Colonies 2018-05-17 this book is available as open access through the bloomsbury open access programme and is available on bloomsburycollections.com it is funded by the university of leicester between 1415 when the portuguese first used convicts for colonization purposes in the north african enclave of ceuta to the 1960s and the dissolution of stalin

s gulags global powers including the spanish dutch portuguese british russians chinese and japanese transported millions of convicts to forts penal settlements and penal colonies all over the world a global history of convicts and penal colonies builds on specific regional archives and literatures to write the first global history of penal transportation the essays explore the idea of penal transportation as an engine of global change in which political repression and forced labour combined to produce long term impacts on economy society and identity they investigate the varied and interconnected routes convicts took to penal sites across the world and the relationship of these convict flows to other forms of punishment unfree labour military service and indigenous incarceration they also explore the lived worlds of convicts including work culture religion and intimacy and convict experience and agency

In the Balance 1998 this is volume one of a two volume world history text the book takes a thematic approach exploring different civilizations in a comparative manner and central themes are used to highlight the interconnectedness of the world s development across cultures and time the approach is roughly chronological though the organization deals with broader comparative issues such as the family the text explores how different parts of the world often follow similar paths even at different times and how similarities or differences in development can be revealing about particular societies for example a chapter on gods goddesses and god kings in asia africa and the americas the book places less emphasis on political history and more on social economic and cultural with coverage of gender and family the section openers have comparative chronological charts to help keep the student oriented with respect to events in different parts of the world and learning aids include debating the past boxes daily life boxes two four colour photo essays and marginal heads to help keep track of the testable material

Sources of Twentieth-century Global History 2002 with sources from around the globe this reader offers balanced coverage of the events and developments that shaped the twentieth century special attention is devoted to women s activism including their statements against chinese footbinding unfair educational and work opportunities in egypt the indian dowry system and abortion restrictions under stalin treaties laws speeches literature political tracts letters and more make for a diverse pool of primary sources back cover

The Human Record 2012 the human record is the leading primary source reader for the world history course providing balanced coverage of the global past each volume contains a blend of visual and textual sources which are often paired or grouped together for comparison

1989 2019-08-31 the collapse of the berlin wall has come to represent the entry of an isolated region onto the global stage on the contrary this study argues that communist states had in fact long been shapers of an interconnecting world with 1989 instead marking a choice by local elites about the form that globalisation should take published to coincide with the thirtieth anniversary of the 1989 revolutions this work draws on material from local archives to international institutions to explore the place of eastern europe in the emergence since the 1970s of a new world order that combined neoliberal economics and liberal democracy with increasingly bordered civilisational racial and religious identities an original and wide ranging history it explores the importance of the region s links to the west east asia africa and latin america in this global transformation reclaiming the era s other visions such as socialist democracy or authoritarian modernisation which had been lost in triumphalist histories of market liberalism
