**The Double** 2013-09-20 watching a rented video tertuliano maximo afonso is shocked to notice that one of the actors is identical to him in every physical detail he embarks on a secret quest to find his double and sets in motion a train of events that he cannot control saramago s novel explores the nature of individuality and examines the fear and insecurity that arise when our singularity comes under threat when even a wife cannot tell the original from the imposter

The Double 2021-05-03 the double is a 2002 novel by portuguese author José Saramago who won the nobel prize in literature in portuguese the title is literally the duplicated man it was translated into english and published as the double in 2004

El hombre duplicado / The Double 2016-01-26 una novela que se lee con la

avidéz de un relato de intriga pero que nos sumerge en las cuestiones esenciales de la vida qué sucede cuando tertuliano máximo alfonso descubre a sus treinta y ocho años que en su ciudad vive un individuo que es su copia exacta y con el que no le une ningún vínculo de sangre Ése es el interrogante que saramago explorando de nuevo las profundidades del alma plantea en el hombre duplicado cómo saber quiénes somos en qué consiste la identidad qué nos define como personas individuales y únicas podemos asumir que nuestra voz nuestros rasgos hasta la mínima marca distintiva se repitan en otra persona podríamos intercambiarnos con nuestro doble sin que nuestros allegados lo percibiesen innovando frente a las convenciones de la novela saramago convierte la voz narradora en sujeto activo en un juego metaliterario que pone al servicio de la historia y que va mucho más allá de las rupturas estrictamente formales english descripton what happens when tertuliano máximo afonso discovers that in his city there is an individual who is his exact copy yet to whom he is in no way related that is the question that saramago yet again exploring the depths of his soul asks us in the double how do we know who we are what does identity consist of what defines us as individual unique people could we accept that our voice or our features might be shared in every way with another person could we exchange places with our double without our friends and family noticing

L'Autre comme moi 2014-01-31T00:00:00+01:00 tertuliano máximo afonso professeur d histoire dans un collège trente huit ans divorcé et vivant seul découvre horrifié dans un film loué par hasard à un vidéo club son double parfait en proie à la plus grande confusion il visionne d autres films confirme sa découverte interroge producteurs et distributeurs et parvient à connaître le nom de celui qui lui ressemble trait pour trait antónio claro avec l aide de sa maîtresse il part à la recherche de son double un homme ordinaire marié acteur de cinéma finit par trouver son adresse et son numéro de téléphone et le convainc de la nécessité d une rencontre celle ci a lieu dans un endroit désolé et s achève sur un désastre car chacun comprend que deux êtres semblables ne peuvent co exister lequel des deux est moi lequel est l autre pour tertuliano máximo et pour antónio claro la réponse n est évidemment pas la même tout est alors en place pour que du désordre de l identité surgisse la tragédie une fois encore José Saramago met brillamment en scène un mythe pour mieux le démythifier en abordant la réalité de notre temps et la crise de notre société prix nobel de littérature

L'home duplicat 2014-02-04 als trenta vuit anys tertuliano máximo afonso és

**Blindness by José Saramago (Book Analysis)** 2013-09-20 in an unnamed country on the first day of the new year people stop dying there is great celebration and people dance in the streets they have achieved the great goal of humanity eternal life soon though the residents begin to suffer undertakers face bankruptcy the church is forced to reinvent its doctrine and local mafia smuggle those on the brink of death over the border where they can expire naturally death does return eventually but with a new courteous approach delivering violet warning letters to her victims but what can death do when a letter is unexpectedly returned

*Death at Intervals* 2020-05-12 what do you do when you're not asleep and when you're not eating you're most likely waiting to finish work to get home or maybe even to be seen by your doctor hold on is less about how to manage all that staying where one is until a particular time or event and more about describing how we experience waiting waiting can embrace things like hesitation and curiosity dithering and procrastination hunting and being hunted fearing and being feared dread and illness courting and parenting anticipation and excitement curiosity listening to and even performing music being religious being happy or unhappy being bored and being boring they're all explored here waiting is also characterized by brain chemicals such as serotonin and dopamine they can radically alter the way we register the passing of time waiting is also the experience that may characterize most interpersonal relations mismanage it at your own risk hold on contains advice on how to cope with waiting how to live better but its main aim is to show how important the experience of waiting is in popular and highbrow culture and sometimes in history detouring into psychology neurology ethology philosophy film literature and especially art peter toohey's illuminates in unexpected ways one of the most common of human experiences after reading his book you'll never wait the same way again

**Hold On** 2018-10-01 this is the first single author study of the genres and roots of popular literature in its relation to film and television exploring the effects of academic snobbery on the teaching of popular literature designed for classroom use by students of literature and film and their teachers it offers case studies in quest literature detective fiction the status of the outlaw and outsider and the interdependence of self other and the uncanny it challenges perceived notions of and prejudices against popular literature and affirms its connection with the deepest human experiences

**Minor Mythologies as Popular Literature** 2023-09-29 sean pickersgill demonstrates that the goal of creating meaningful architecture can take a variety of critical and philosophical paths the importance of architecture as an expression of broad complex social drivers is complemented by the equally popular idea that architecture as an intellectual pursuit retains its own autonomy as a self-referential culture this book uniquely places the emphasis for innovation in architecture within the domain of critical thinking generally and a specific understanding of the semantics of built form the book draws on a broad range of subject areas from film to philosophy to anthropology to mathematics and economics to show that the path to meaningful creative practice is always based in an understanding of the principal

drivers for change and meaning in society it is not a simple recipe book or workshop manual for others to reproduce it requires the engaged reader to employ their own creative abilities to find what potential lies in each of the propositions and it will encourage the scholastic architect to continue to mine the rich veins of intellectual culture to demonstrate the latent purposiveness inherent in all meaningful architecture

**The Architect's Dream** 2023-08-10 can cinema reveal its audience's most subversive thinking do films have the potential to project their viewers' innermost thoughts making them apparent on the screen this book argues that cinema has precisely this power to unveil to the spectator their own hidden thoughts it examines case studies from various cultures in conversation with Spain a country whose enduring masterpieces in self-reflexive or meta-art provide insight into the special dynamic between viewer and screen framed around critical readings of Miguel de Cervantes' *Don Quixote*, Diego Velázquez' *Las Meninas*, and Luis Buñuel's *Un chien andalou* this book examines contemporary films by Víctor Erice, Carlos Saura, Bigas Luna, Alejandro Amenábar, Lucrecia Martel, Krzysztof Kieslowski, David Lynch, Pedro Almodóvar, Spike Jonze, Andrzej Zulawski, Fernando Pérez, Alfred Hitchcock, Wes Craven, and David Cronenberg to illustrate how self-reflexivity in film unbridles the mental repression of film spectators it proposes cinema as an uncanny duplication of the workings of the brain a *doppelgänger* to human thought

**Spanish Meta-Art and Contemporary Cinema** 2023-09-12 a New York Times bestseller national indie bestseller I've been raving about Naomi Klein's *Doppelgänger* I can't think of another text that better captures the berserk period we're living through Michelle Goldberg the New York Times if I had to name a single book that makes sense of these last few dark years it would be this one Katie Roiphe the New York Times book review editors' choice if ever a book was necessary it's this one Bill McKibben thoughtful and honest incisive Klein moves her reader toward the truer grounds of solidarity in these times Judith Butler what if you woke up one morning and found you'd acquired another self a double who was almost you and yet not you at all what if that double shared many of your preoccupations but in a twisted upside-down way furthered the very causes you'd devoted your life to fighting against not long ago the celebrated activist and public intellectual Naomi Klein had just such an experience she was confronted with a *doppelgänger* whose views she found abhorrent but whose name and public persona were sufficiently similar to her own that many people got confused about who was who destabilized she lost her bearings until she began to understand the experience as one manifestation of a strangeness many of us have come to know but struggle to define AI-generated text is blurring the line between genuine and spurious communication new-age wellness entrepreneurs turned anti-vaxxers are scrambling familiar political allegiances of left and right and liberal democracies are teetering on the edge of absurdist authoritarianism even as the oceans rise under such conditions reality itself seems to have become unmoored is there a cure for our moment of collective vertigo Naomi Klein is one of our most trenchant and influential social critics an essential analyst of what branding, austerity, and climate profiteering have done to our societies and souls here she turns her gaze inward to our psychic landscapes and outward to the possibilities for building hope amid intersecting economic, medical, and political crises with the assistance of Sigmund Freud, Jordan Peele, Alfred Hitchcock, and Bell Hooks among other accomplices Klein uses Wry

humor and a keen sense of the ridiculous to face the strange doubles that haunt us and that have come to feel as intimate and proximate as a warped reflection in the mirror combining comic memoir with chilling reportage and cobweb clearing analysis klein seeks to smash that mirror and chart a path beyond despair doppelganger asks what do we neglect as we polish and perfect our digital reflections is it possible to dispose of our doubles and overcome the pathologies of a culture of multiplication can we create a politics of collective care and undertake a true reckoning with historical crimes the result is a revelatory treatment of the way many of us think and feel now and an intellectual adventure story for our times

*Doppelganger* 2019-04-08 in the past decades translation studies have increasingly focused on the ethical dimension of translational activity with an emphasis on reflexivity to assert the role of the researcher in highlighting issues of visibility creativity and ethics in reflexive translation studies silvia kadiu investigates the viability of theories that seek to empower translation by making visible its transformative dimension for example by championing the visibility of the translating subject the translator's right to creativity the supremacy of human translation or an autonomous study of translation inspired by derrida's deconstructive thinking kadiu presents practical ways of challenging theories that argue reflexivity is the only way of developing an ethical translation she questions the capacity of reflexivity to counteract the power relations at play in translation between minor and dominant languages for example and problematises affirmative claims about self knowledge by using translation itself as a process of critical reflection in exploring the interaction between form and content reflexive translation studies promotes the need for an experimental multi sensory and intuitive practice which invites students scholars and practitioners alike to engage with theory productively and creatively through translation

*Reflexive Translation Studies* 2015-03-31 this book argues theoretically for and exemplify through critical and historical analysis the interrelatedness of discourses on scale distance identification and doubling in the cinema it contains analyses of a wide variety of films including citizen kane the double life of véronique the great gatsby gilda vertigo and wings of desire **Doubling, Distance and Identification in the Cinema** 2005 an amazing and fascinating look at neurological conditions in fiction and film classical and modern literature is full of patients with interesting neurological cognitive or psychiatric diseases often including detailed and accurate descriptions which suggests the authors were inspired by observations of real people in many cases these literary portrayals of diseases even predate their formal identification by medical science fictional literature encompasses nearly all kinds of disorders affecting the nervous system with certain favorites such as memory loss and behavioral syndromes there are even unique observations that cannot be found in scientific and clinical literature because of the lack of appropriate studies not only does literature offer a creative and humane look at disorders of the brain and mind but just as authors have been inspired by medicine and real disorders clinicians have also gained knowledge from literary depictions of the disorders they encounter in their daily practice this book provides an amazing and fascinating look at neurological conditions patients and doctors in literature and film in a way which is both nostalgic and novel

Bookforum 2013 the doppelgänger or double presents literature as the double of philosophy there are historical reasons for this the genesis of the doppelgänger is literature's response to the philosophical focus on subjectivity the doppelgänger was coined by the german author jean paul in 1796 as a critique of idealism's assertion of subjective autonomy individuality and human agency this critique prefigures post war extrapolations of the subject as decentred from this perspective the doppelgänger has a family resemblance to current conceptualizations of subjectivity it becomes the emblematic subject of modernity this is the first significant study on the doppelgänger's influence on philosophical thought the doppelgänger emerges as a hidden and unexplored element both in conceptions of subjectivity and in philosophy's relation to literature vardoulakis demonstrates this by employing the doppelgänger to read literature philosophically and to read philosophy as literature the doppelgänger then appears instrumental in the self conception of both literature and philosophy
