The Restless Sleep *2006-07-25*

between 1985 and 2004 a staggering 8 894 unsolved homicides were committed in new york city here is the first ever inside look at the elite nypd squad that cracks these unsolvable cases in this fascinating in depth narrative stacy horn uses her unprecedented access to the nypd cold case squad to immerse herself into four unsolved murder cases cases going back as far as 1951 investigated by three indefatigable cold case detectives each detective uses his own

contacts informants and resources and sifts through decades old evidence searching for new leads looking for what others missed and uncovering any possible connections these cold case detectives are on a constant hunt for the needle in the haystack and stacy horn puts you there every step of the way from the grisly circumstances and desperate reconstructions of the crimes through the endless legwork the scientific advances that don't always yield hoped for answers and the harrowing politics and tangled history of the storied nypd horn depicts the drama of each case and lays out the puzzle as seen through the eyes of the detectives at once contemplative and energetic the restless sleep is a completely addictive fly on the wall story of a subculture of crime solving and of the people who must beat the odds to offer a final resolution for the unavenged

Imperfect Harmony *2013-07-02*

in this one of a kind celebration of singing with others i'd call her pitch nearly perfect the atlantic for stacy horn regardless of what is going on in the world or her life singing in an amateur choir the choral society of grace church in new york never fails to take her to a place where hope reigns and everything good is possible she's not particularly religious and her voice is not exceptional so she says but like the 32.5 million other chorus members throughout this country singing makes her happy horn brings us along as she sings some of the greatest music humanity has ever produced delves into the dramatic stories of conductors and composers unearths the fascinating history of group singing and explores remarkable discoveries from the new science of singing including all the unexpected health benefits imperfect harmony is the story of one woman who has found joy and strength in the weekly ritual of singing and in the irresistible power of song

Damnation Island *2018-05-15*

enthraling it is well worth the trip new york journal of books conceived as the most modern humane incarceration facility the world had ever seen new york s blackwell s island site of a lunatic asylum two prisons an almshouse and a number of hospitals quickly became in the words of a visiting charles dickens a lounging listless madhouse digging through city records newspaper articles and archival reports stacy horn tells a gripping narrative through the voices of the island s inhabitants we also hear from the era s officials reformers and journalists including the celebrated undercover reporter nellie bly and we follow the extraordinary reverend william glenney french as he ministers to blackwell s residents battles the bureaucratic mazes of the department of correction and a corrupt city hall testifies at salacious trials and in his diary wonders about man s inhumanity to his fellow man damnation island shows how far we ve come in caring for the least fortunate among us and reminds us how much work still remains

Psychedelic New York *2023-05-15*

as lsd moves towards the medical mainstream it continues to evoke powerful memories of the psychedelic sixties and west coast counterculture in this lively account chris elcock follows a different branch of psychedelic history one that is sprawling layered and centred on new york city a major hub for the production and consumption of lsd and other hallucinogenic drugs new york spawned a unique psychedelic culture that reverberated through the city from psychoanalytic circles to artists studios greenwich village to central park based on years of archival research interviews with former acid heads and a range of cultural artifacts psychedelic new york shows how the postwar city

was at the forefront of lsd medical research the burgeoning of psychedelic art drug accompanied spiritual seeking and a proliferation of drug subcultures elcock recounts stories of new yorkers such as holocaust survivor nina graboi and artist isaac abrams whose lives were dramatically altered by their psychedelic experiences while offering new insights into timothy leary s role in turning on the city with psilocybin enlivened by personal stories and rooted in thoughtful analysis psychedelic new york is a multifaceted history of lsd and the urban psychedelic experience

Science Fiction: A Guide for the Perplexed *2014-03-13*

during the 1930s a new approach to exploring human consciousness began at duke university with professor j b rhine s experimental research on extra sensory perception or esp his findings on telepathy clairvoyance precognition and psychokinesis challenged conventional disbelief rhine s findings and his first popular book new frontiers of the mind ignited excitement and controversy among not only scientists but the public at large rhine s letters chronicle his efforts to find reliable evidence of psychic ability from the seance room to psychic animals and finally to a university research laboratory covering the years 1923 1939 they reveal a gripping story of groundbreaking research told in the

words of the main player as he worked with his team subjects critics and supporters alike

Parkinson's Disease and Movement Disorders 2007

history comes alive in this textured account of the rivalry between Harry Houdini and the so-called Witch of Lime Street whose iconic lives intersected at a time when science was on the verge of embracing the paranormal. The 1920s are famous as the golden age of jazz and glamour but it was also an era of fevered yearning for communion with the spirit world after the loss of tens of millions in the first world war and the Spanish flu epidemic. A desperate search for reunion with dead loved ones precipitated a tidal wave of self-proclaimed psychics and as reputable media sought stories on occult phenomena mediums became celebrities. Against this backdrop in 1924 the pretty wife of a distinguished Boston surgeon came to embody the raging national debate over spiritualism. A movement devoted to communication with the dead reporters dubbed her the blonde witch of Lime Street but she was known to her followers simply as Margery. Her most vocal advocate was none other than Sherlock Holmes creator Sir Arthur Conan Doyle who believed so thoroughly in Margery's powers that he urged her to enter a controversial contest sponsored by Scientific American and offering a large cash prize to the first medium declared authentic by its impressive five-man investigative committee. Admired for both her exceptional charm and her dazzling effects Margery was the best hope for the psychic practice to be empirically verified. Her supernatural gifts beguiled four of the judges there was only one left to convince the acclaimed escape artist Harry Houdini. David Jaher's extraordinary debut culminates in the showdown between Houdini, a relentless unmasker of charlatans, and Margery, the nation's most credible spirit medium. *The Witch of Lime Street*, the first book to capture their electric public rivalry and the competition that brought them into each other's orbit, returns us to an oft-mythologized era to deepen our understanding of its history.

all while igniting our imagination and engaging with the timeless question is there life after death

J.B. Rhine *2021-04-07*

from halloween expert morton a level headed and entertaining history of our desire and attempts to hold conversations with the dead calling the spirits investigates the eerie history of our conversations with the dead from necromancy in homer s odyssey to the emergence of spiritualism when victorians were entranced by mediums and the seance was born among our cast are the fox sisters teenagers surrounded by spirit rappings daniel dunglas home the greatest medium of all time houdini and sir arthur conan doyle whose unlikely friendship was forged then riven by the afterlife and helen duncan the medium whose trial in 1944 for witchcraft proved more popular to the public than news about the war the book also considers ouija boards modern psychics and paranormal investigations and is illustrated with engravings fine art from beyond and photographs hugely entertaining it begs the question is anybody there

The Witch of Lime Street *2015-10-06*

john e fetzer and the quest for the new age follows the spiritual sojourn of john e fetzer a michigan business tycoon born in 1901 and living most of his life in kalamazoo fetzer parlayed his first radio station into extensive holdings in broadcasting and other enterprises leading to his sole ownership of the detroit tigers in 1961 by the time he died in 1991 fetzer had been listed in forbes magazine as one of the four hundred wealthiest people in america and yet business success was never enough for fetzer his deep spiritual yearnings led him from the christianity of his youth to

a restless exploration of metaphysical religions and movements ranging from spiritualism theosophy freemasonry ufoology and parapsychology all the way to the new age as it blossomed in the 1980s author brian c wilson demonstrates how fetzer s quest mirrored those of thousands of americans who sought new ways of thinking and being in the ever changing spiritual movements of the twentieth century over his lifetime fetzer s worldview continuously evolved combining and recombining elements from dozens of traditions in a process he called freedom of the spirit unlike most others who engaged in a similar process fetzer s synthesis can be documented step by step using extensive archival materials providing readers with a remarkably rich and detailed roadmap through metaphysical america the book also documents how fetzer s wealth allowed him to institutionalize his spiritual vision into a thriving foundation the fetzer institute which was designed to carry his insights into the future in hopes that it would help catalyze a global spiritual transformation john e fetzer and the quest for the new age offers a window into the rich and complex history of metaphysical religions in the midwest and the united states at large it will be read with interest by those wishing to learn more about this enigmatic michigan figure as well as those looking for an engaging introduction into america s rapidly shifting spiritual landscape

Calling the Spirits *2022-10-10*

the popularity of such widely known works as the lottery and the haunting of hill house has tended to obscure the extent of shirley jackson s literary output which includes six novels a prodigious number of short stories and two volumes of domestic sketches organized around the themes of influence and intertextuality this collection places jackson firmly within the literary cohort of the 1950s the contributors investigate the work that informed her own fiction and discuss how jackson inspired writers of literature and film the collection begins with essays that tease out

what jackson s writing owes to the weird tale detective fiction the supernatural tradition and folklore among other influences the focus then shifts to jackson s place in american literature and the impact of her work on women s writing campus literature and the graphic novelist alison bechdel the final two essays examine adaptations of the haunting of hill house and jackson s influence on contemporary american horror cinema taken together the essays offer convincing evidence that half a century following her death readers and writers alike are still finding value in jackson s words

John E. Fetzer and the Quest for the New Age *2018-08-06*

from the millions strong audiences of oprah and the secret to the mass media ministries of evangelical figures like joel osteen and t d jakes to the motivational bestsellers and new age seminars to the twelve step programs and support groups of the recovery movement and to the rise of positive psychology and stress reduction therapies this idea to think positively is metaphysics morphed into mass belief this is the biography of that belief no one has yet written a serious and broad ranging treatment and history of the positive thinking movement until now for all its influence across popular culture religion politics and medicine this psycho spiritual movement remains a maligned and misunderstood force in modern life its roots are unseen and its long range impact is unacknowledged it is often considered a cotton candy theology for new agers and self help junkies in response one simple idea corrects several historical misconceptions about the positive thinking movement and introduces us to a number of colorful and dramatic personalities including napoleon hill and norman vincent peale whose books and influence have touched the lives of tens of millions across the world

Shirley Jackson, Influences and Confluences *2016-05-20*

if you loved hidden figures or the rise of the rocket girls you ll love claire evans breakthrough book on the women who brought you the internet written out of history until now this is a radically important timely work says miranda july filmmaker and author of the first bad man the history of technology you probably know is one of men and machines garages and riches alpha nerds and brogrammers but from ada lovelace who wrote the first computer program in the victorian age to the cyberpunk designers of the 1990s female visionaries have always been at the vanguard of technology and innovation in fact women turn up at the very beginning of every important wave in technology they may have been hidden in plain sight their inventions and contributions touching our lives in ways we don t even realize but they have always been part of the story vice reporter and yacht lead singer claire l evans finally gives these unsung female heroes their due with her insightful social history of the broad band the women who made the internet what it is today seek inspiration from grace hopper the tenacious mathematician who democratized computing by leading the charge for machine independent programming languages after world war ii meet elizabeth jake feinler the one woman google who kept the earliest version of the internet online and stacy horn who ran one of the first ever social networks on a shoestring out of her new york city apartment in the 1980s join the ranks of the pioneers who defied social convention to become database poets information wranglers hypertext dreamers and glass ceiling shattering dot com era entrepreneurs this inspiring call to action shines a light on the bright minds whom history forgot and shows us how they will continue to shape our world in ways we can no longer ignore welcome to the broad band you re next

Ghosts, Spirits, and Psychics *2015-07-28*

siguiendo los pasos de un grupo poco conocido de buscadores esotéricos de finales del siglo xix bautizados ellos mismos como el club de los milagros mitch horowitz afirma que las prácticas espirituales cuyo objetivo es cumplir tus deseos conocidas como pensamiento positivo ley de la atracción y representadas en libros como el secreto y la ciencia de hacerse rico realmente funcionan entrelazando estas ideas en una fórmula clara y concisa y con ejemplos extraídos de sus vivencias personales en las que logró conseguir el éxito horowitz nos revela el poder de los pensamientos para influir en la realidad y hacer que aquello que deseamos se cumpla en este manual para hacer milagros horowitz

argumenta que cada uno de nosotros posee una voluntad creativa para determinar y remodelar nuestra vida y que el hecho de pensar de una manera centrada exclusivamente enfocada y con una intensa carga emocional expande nuestras capacidades de percepción y transformación respecto a los acontecimientos y nos permite superar los límites ordinarios del tiempo y el espacio físico partiendo de la perspectiva de neville goddard en la que nuestra imaginación es el dios creador y de las técnicas de ralph waldo emerson para lograr el crecimiento interior como individuos horowitz explora los usos más elevados de la metafísica del poder de la mente y explica con claridad lo que realmente funciona y lo que no además de encaminarte hacia una dirección concreta donde puedas manifestar tus deseos más profundos desde la riqueza y el amor hasta la felicidad y la estabilidad horowitz proporciona en este libro ejercicios muy concretos y herramientas específicas para que consigas un cambio en tu vida y para que puedas beneficiarte mucho más de la oración la afirmación y la visualización el autor también ofrece la primera reconsideración rigurosa sobre la filosofía del nuevo pensamiento desde la muerte de william james en 1910 y alienta a los lectores a unirse a él en la búsqueda de los milagros trata las ideas y los movimientos esotéricos con una diligencia intelectual imparcial que a menudo se pierde hoy en día cuando los manifestamos en voz alta the washinton post

The British National Bibliography 2005

a guide to creating miracles in your own life through the power of thought offers a concise clear formula of focused exercises and concrete tools to lay out a specific path to manifest your deepest desires presents the first serious reconsideration of new thought philosophy since the death of william james in 1910 draws on the work of new thought pioneers such as ralph waldo emerson napoleon hill neville goddard william james andrew jackson davis wallace d wattles and many others following in the footsteps of a little known group of esoteric seekers from the late

nineteenth century who called themselves the miracle club mitch horowitz shows that the spiritual wish fulfillment practices known as the law of attraction positive thinking the secret and the science of getting rich actually work weaving these ideas together into a concise clear formula with real life examples of success he reveals how your thoughts can impact reality and make things happen in this manual for miracles horowitz explains how we each possess a creative agency to determine and reshape our lives he shows how thinking in a directed highly focused and emotively charged manner expands our capacity to perceive and transform events and allows us to surpass ordinary boundaries of time and physical space building on neville goddard s view that the human imagination is god the creator and ralph waldo emerson s techniques for attaining personal power he explores the highest uses of mind power metaphysics and explains what works and what doesn t illuminating why and how events bend to our thoughts he encourages readers to experiment and find themselves at the helm of infinite possibilities laying out a specific path to manifest your deepest desires from wealth and love to happiness and security horowitz provides focused exercises and concrete tools for change and looks at ways to get more out of prayer affirmation and visualization he also provides the first serious reconsideration of new thought philosophy since the death of william james in 1910 he includes crucial insights and effective methods from the movement s leaders such as ralph waldo emerson napoleon hill neville goddard william james andrew jackson davis wallace d wattles and many others defining a miracle as circumstances or events that surpass all conventional or natural expectation the author invites you to join him in pursuing miracles and achieve power over your own life
