the first volume devoted to literary pirates in the nineteenth century this collection examines changes in the representation of the pirate from the beginning of the nineteenth century through the late victorian period gone were the dangerous ruffians of the eighteenth century novel and in their place emerged a set of brooding and lovable rogues as exemplified by byron s corsair as the contributors engage with acts of piracy by men and women in the literary marketplace as well as on the high seas they show that both forms were foundational in the promotion and execution of britain s imperial ambitions linking the pirate s development as a literary figure with the history of piracy and the making of the modern state tells us much about race class and evolving gender relationships while individual chapters examine key texts like treasure island dickens s 1857 mutiny story in household words and peter pan the collection as a whole interrogates the growth of pirate myths and folklore throughout the nineteenth century and the depiction of their nautical heirs in contemporary literature and culture

Blackbeard; Or, The Pirate of Roanoke

2022-09-16

this book shows how pirates were portrayed in their own time in trial reports popular prints novels legal documents sermons ballads and newspaper accounts it examines how attitudes towards them changed with britain s growing imperial power exploring the interface between political ambition and personal greed between civil liberties and the power of the state it throws light on contemporary ideals of leadership and masculinity some pirate voyages qualifying as feats of seamanship and endurance unusually it also gives insights into the domestic life of pirates and investigates the experiences of women whose husbands turned pirate or were captured for piracy pirate voyages contributed to british understanding of trans oceanic navigation patterns of trade and different peoples in remote parts of the world this knowledge advanced imperial expansion and british control of trade routes which helps to explain why contemporary attitudes towards piracy were often ambivalent this is an engaging study of vested interests and conflicting ideologies it offers comparisons with our experience of piracy today and shows how the historic representation of pirate behaviour can illuminate other modern preoccupations including gang culture

The Power of the Sabre

2011-10-21

the image of the pirate is at once spectral and ubiquitous it haunts the imagination of international legal scholars diplomats and statesmen involved in the war on terror it returns in the headlines of

international newspapers as an untimely security threat it materializes on the most provincial cinematic screen and the most acclaimed works of fiction it casts its shadow over the liquid spatiality of the net where cyber activists file sharers and a large part of the global youth are condemned as pirates often embracing that definition with pride rather than resentment today the pirate remains a powerful political icon embodying at once the persistent nightmare of an anomic wilderness at the fringe of civilization and the fantasy of a possible anarchic freedom beyond the rigid norms of the state and of the market and yet what are the origins of this persistent pirate myth in the western political imagination can we trace the historical trajectory that has charged this ambiguous figure with the emotional political and imaginary tensions that continue to characterize it what can we learn from the history of piracy and the ways in which it intertwines with the history of imperialism and international trade drawing on international law political theory and popular literature the pirate myth offers an authoritative genealogy of this immortal political and cultural icon showing that the history of piracy the different ways in which pirates have been used outlawed and suppressed by the major global powers but also fantasized imagined and romanticised by popular culture can shed unexpected light on the different forms of violence that remain at the basis of our contemporary global order

The Pirate Myth

2015-01-09

pirates didn't just break the rules they rewrote them they didn't just reject society they reinvented it pirates didn't just challenge the status quo they changed everything pirates faced a self interested establishment a broken system industrial scale disruption and an uncertain future sound

an analysis of how responsive governance has shaped the evolution of global fisheries in cyclical patterns of depletion and rebuilding dubbed the management treadmill the oceans are heavily overfished and the greatest challenges to effective fisheries management are not technical but political and economic in this book d g webster describes how the political economy of fisheries has evolved and highlights patterns that are linked to sustainable transitions in specific fisheries grounded in the concept of responsive governance webster s interdisciplinary analysis goes beyond the conventional view of the tragedy of the commons using her action cycle structural context framework she maps long running patterns that cycle between depletion and rebuilding in a

process that she terms the management treadmill webster documents the management treadmill in settings that range from small coastal fishing communities to international fisheries that span entire oceans she identifies the profit disconnect in which economic incentives are out of sync with sustainable use and the power disconnect in which those who experience the costs of overexploitation are politically marginalized she examines how these disconnects shaped the economics of expansion and documents how political systems failed to prevent related cycles of serial resource depletion webster also traces the increasing use of restrictive management in response to worsening fisheries crises and the emergence of new noncommercial interests that demand greater management but also generate substantial conflict she finds that the management treadmill is speeding up with population growth and economic development and so concludes that sustainable fisheries can only exist within a sustainable global economic system

this book gives an accurate picture of the pirates who sailed in the waters of the caribbean and off the american coastline during the golden age of piracy between 1660 and 1730 it traces the origins of piratical activity in the 16th century and examines the boucaneer buccaneer culture in jamaica and hispaniola it details what drove individuals to a life of piracy how they dressed their weaponry the ships they used and the codes by which they operated whether viewed as villains or victims the pirates were a major threat to shipping and commerce in the western atlantic for more than 70 years elite 67 69 and 74 are also available in a single volume special edition as pirates

Select Orations of M.T. Cicero

1880

in the tale of a child pirate max is a young boy who loves stories about pirates and exciting things even though his parents want him to have a more normal job max is still very interested in pirate stories on a rainy night a beautiful ship called the crimson wave appears on the horizon captain longbeard is in charge of the ship max s heart jumps and he joins the crew with excitement max learns how to be a pirate with the help of captain longbeard he makes friends with the crew and gets better at sailing sword fighting and climbing the masts max learns that being a pirate means more than just looking for wealth it also means following a code of honor justice and respect for the innocent max is exploring a remote island when he finds a secret cave and a diary written by a little

girl named amelia max realizes thanks to her determination and love of the sea that they both want more than just to find treasure they both want excitement and the chance to do things they enjoy with the help of the crew max goes on a quest to find a famous treasure marked on a map in amelia s diary max and his gang finally get to the treasure after facing many problems and other pirates when they open the box the shiny gems gold money and old artifacts inside amaze them but one of the riches is a worn out diary max figures out that amelia like him set out on a mission she couldn t finish she had hidden the wealth for treasure hunters to find in the future max comes up with the idea of using the treasure to start a foundation that encourages children to learn and explore the crew agrees and when they go back to their town they are seen as heroes not just because of the treasure but also because of how it will help people max s parents who used to be skeptical of his pirate dreams are thrilled to see him grow up the foundation does well giving students the chance to follow their dreams and giving them a love of study and adventure max s story tells kids to have faith in themselves follow their dreams and be brave when they face problems the story has been told all over the world to show young thinkers that anything is possible as long as they believe in themselves and sail with courage here is how the story starts max was a young boy who used to live in a small beach town from a young age max was pulled to the idea of adventure and the size of the sea his ideas came from pirate stories and the brave things they did max s mind took him on amazing trips across the ocean waves every night as he went to sleep in his dreams he saw himself at the helm of a grand ship sailing to places no one had been before in search of mysterious riches the picture of a brave and bold pirate leader stuck in his mind and made him want to be like that max was so interested in pirate stories that he wanted to be a pirate himself this was more than just a passing interest the stories about brave heroes and hidden riches took him to a world where bravery and daring had no limits when he read or heard these stories his heart would beat faster and his mind would wander to the ends of the world max was always excited by the idea of sailing

the huge ocean which held unknown secrets and the promise of adventure in his dreams his mind painted fantastic pictures of strange places dangerous storms and meetings with mythical sea creatures that went beyond the walls of his bedroom max liked the thrill of not knowing what would happen next and he looked forward to the hard times that were coming max s dreams were always drawn to the idea of looking for hidden treasure in his thoughts he saw deserted islands with hard to read maps and hidden vaults full of gems and money he wanted to solve old puzzles and go through dangerous places to find these priceless gems the thought of solving the secrets of the past and getting so rich that he couldn t even imagine it lit a fire in him that grew stronger every day max s love for pirates and the wild seas didn t change as he got bigger he went looking for stories about great pirates and the amazing things they did and he listened to them like a sponge with each story he learned more about the skills and qualities needed to lead a ship and its people max thought that one day he would be in charge of the ship making important choices and leading it to victory max s love of stories about adventure and pirates wasn t just a passing phase it was a big part of who he was the dreams he made up in his head drove him to work hard and set his goals he wished for the day when his dreams would come true and he would be able to sail the high seas look for hidden treasures and act like a real pirate captain in terms of being brave and strong max s adventure had just started but he was already set on a road that would lead him to a life full of adventure discovery and getting what he wanted most max s parents had goals for him that were different from what he really wanted to do they thought that max might go to college or learn a practical job in the future they thought that his interest in pirate stories was just a passing fad that would go away over time but they didn t notice that max s heart was filled with a passionate pirate spirit that was eager to live a life of adventure and discovery max s love of pirate stories didn t go away no matter how hard his parents tried it touched him deeply and started a fire that wouldn t go out his parents wanted him to follow a more traditional road but they had no idea how important

and strong max's goals were max felt like he had to be a pirate it was in his blood he couldn't get enough of stories about brave pirates treasure filled journeys and the thrill of the unknown max's folks might have thought it was just a fad but he knew it was a big part of who he was and who he wanted to be max secretly fed his dreams while his parents kept trying to steer him in a different direction not knowing that their child was on fire even though he was proud of his parents goals he couldn't help but want to be a pirate he knew in his heart that a life as a scholar or trader would never meet his desire for adventure on the high seas every day max's pirate spirit got stronger and spread to every part of his being he ate up books and stories and learned a lot about pirate history and legends he learned how to find his way sail and fight with a sword so he could live the life he thought was meant for him in the middle of a stormy night as the wind howled and the rain fell from the sky a sight appeared in the distance in spite of how bad the storm was a mysterious ship came into being it stood out because of how tall it was and how its black sails and jolly roger flag moved bravely in the storm max watched in amazement as the ship got closer his big eyes were filled with wonder his heartbeat faster and each beat was filled with excitement he felt a rush of energy as the name of the ship the crimson wave lit up in a flash of lightning claire a crew member on the crimson wave had a lot riding on that deadly stormy night she had spent her whole life at sea loving the restless life of a pirate who was always looking for excitement and wealth when the beautiful boat showed up in the middle of the storm it gave her a new sense of purpose claire's skilled eyes looked through the pounding storm and couldn't help but notice how excited max was to see their ship she saw in his eyes that he was both curious and interested it was a spark she knew all too well because it was the same kind of fire that had made her a pirate claire walked up to max and gave him a hand as she talked to him in a voice that was both authoritative and kind she did this because she wanted to teach young people to be brave and try new things ahoy young one have you ever dreamed of sailing the endless seas having exciting adventures and figuring out the

mysteries of the unknown her words full of the wisdom of years at sea struck a deep chord with max max said yes to claire s offer because he was excited to explore his new connection and go on a trip he had never thought of she became his teacher and showed him how to be a pirate and how hard it is to sail across the big ocean from the crow s nest to the bottom of the ship s hull they looked at every part of the crimson wave this made max love the ship and its long past max ran towards the bay not afraid of the steady rain that was soaking his clothes or the loud thunder that was going off above him he kept going because he was determined but he didn t know what drove him when he got close to the dock his heart was pounding and his breath was quick a man coming down the ship s gangplank greeted him it was strange to see an old man with scars on his face from a life spent at sea his long gray beard fell down to his chest and his eyes shone with knowledge and life that made him look much younger than he was max s eyes got big as he looked at the stranger in front of him he was surprised and interested by what he saw the old man had a mysterious air about him as if he were carrying the weight of countless stories and tales on his shoulders max walked up his face wet with rain and full of boyish joy he could tell this was a chance like no other max asked who are you with a voice full of wonder and hope the old man s wrinkled face broke into a smile and his eyes showed a hint of mischief i am captain longbeard he said his accent giving him a rough seafaring look and this he said pointing to the ship behind him is the crimson wave the ship that has sailed the seven seas and faced the fiercest storms max s heart raced when he heard the name of the ship because it sounded like the names of ships in the stories that had captivated him for years he had dreamed about these kinds of things about meeting famous leaders by chance and getting his sense of adventure back when max stood in front of captain longbeard he felt the weight of fate on his young shoulders max talked about his biggest wish with fear and excitement i want to be a pirate he said with a lot of determination in his voice captain longbeard s eyes sparkled with understanding as he looked straight into max s soul ah the spirit of a young adventurer he said with

a touch of sadness in his voice it s a dangerous path but it s also full of great discoveries and unimaginable wonders if you re ready to take on the challenges that lie ahead i ll welcome you aboard the crimson wave max s heart soared and in an instant his hopes and dreams merged with reality he gave a firm nod his mind made up at that moment he understood that his life would be tied to the legends and myths of the high seas in a way that couldn t be broken so began max s adventure as a young pirate a journey marked by bravery brotherhood and the pursuit of possibilities that could not be imagined max learned more and more from captain longbeard and the rest of the crew of the crimson wave as each day went by he got good at navigating dangerous seas climbing up and down the ship s rigging and using a cutlass at a time that seemed to go beyond reality an old man s voice ripped through the air and reached max s ears with a clear sense of urgency max turned to face the caller and as he did his heart started to pound the old man was standing in front of him with his hand out trying to get him to come closer his wrinkles showed that he had lived a full life and his words were full of knowledge and experience max couldn t shake the question from his mind are you brave enough to sail the seas and seek adventure the old man asked echoing max s deepest hopes and giving him a thrill at that crucial moment it seemed possible to start a life full of exciting adventures and endless possibilities max s answer was strong and determined and the weight of his goals came through in his voice yes i want to be a pirate he shouted with a passion that left no room for argument max s fate changed in an instant setting him on a path that would change the rest of his life forever the old man s eyes lit up with a mix of laughter and admiration as he watched max s unwavering determination max was able to face the challenges and wonders that met him on the open seas and he could tell that the young boy s spirit of adventure was burning brightly the old man who turned out to be captain longbeard gave max a nod of approval and welcomed him into his world in this world the oceans hold a lot of secrets and endless potential max s heart started to beat faster when he understood how bad things were he

was about to go on a trip that would try his strength help him make friends for life and show him how strong and resilient he really was after that max s life was never the same again the people who once gave him shelter and safety would soon be a faraway memory replaced by the rolling waves and salty air that would always be with him max said goodbye to his old life and stepped bravely onto the deck of the crimson wave a ship that was both a physical representation of his goals and a doorway to the unknown as the crimson wave set sail max found himself surrounded by a group of rough but kind pirates they went on exciting adventures that took them through dangerous waters and made them deal with hard problems max took on the responsibilities that came with his new identity as a pirate he studied the finer points of pirate life like how to raise the sails and look at the stars how to use a sword and how to keep the code of honor that bound the pirates together max s adventures had become real and every day that went by brought him closer to achieving his goals max s growth was helped by the crew of the crimson wave they gave advice and guidance to a young man who had decided to go a different way

Oarses-Zygia

1876

thoroughly engrossing a spirited suspenseful economically told tale whose significance is manifest and whose pace never flags the wall street journal from the new york times bestselling author of the ghost map and extra life the story of a pirate who changed the world henry every was the seventeenth century s most notorious pirate the press published wildly popular and wildly inaccurate reports of his nefarious adventures the british government offered enormous bounties for his capture alive or preferably dead but steven johnson argues that every s most lasting legacy

was his inadvertent triggering of a major shift in the global economy enemy of all mankind focuses on one key event the attack on an indian treasure ship by every and his crew and its surprising repercussions across time and space it s the gripping tale of one of the most lucrative crimes in history the first international manhunt and the trial of the seventeenth century johnson uses the extraordinary story of henry every and his crimes to explore the emergence of the east india company the british empire and the modern global marketplace a densely interconnected planet ruled by nations and corporations how did this unlikely pirate and his notorious crime end up playing a key role in the birth of multinational capitalism in the same mode as johnson s classic nonfiction historical thriller the ghost map enemy of all mankind deftly traces the path from a single struck match to a global conflagration

A Dictionary of Greek and Roman Biography and Mythology: Oarses-Zygia

2009-07

a study of the depiction and development of masculine figures in eighteenth century british literature erin mackie explores the shared histories of the modern polite english gentleman and other less respectable but no less celebrated eighteenth century masculine types the rake the highwayman and the pirate mackie traces the emergence of these character types to the seventeenth and early eighteenth centuries when traditional aristocratic authority was increasingly challenged she argues that the development of the modern polite gentleman as a male archetype can only be fully comprehended when considered alongside figures of fallen nobility which although criminal were also glamorous enough to reinforce the same ideological order in evelina s lord

orville clarissa s lovelace rookwood s dick turpin and caleb williams s falkland mackie reads the story of the ideal gentleman alongside that of the outlaw revealing the parallel lives of these seemingly contradictory characters synthesizing the histories of masculinity manners and radicalism rakes highwaymen and pirates offers a fresh perspective on the eighteenth century aristocratic male in this well researched study mackie makes a strong case for the inclusion of alternative criminal masculinities in understanding the development of the modern english gentleman and patriarchy in the eighteenth century situated at the nexus of gender theory and literary studies her book adds to the study of modern and late modern cultural norms of gender and sexuality through discourse analysis of literary and nonliterary texts srividhya swaminathan journal of british studies the topic is lively the writing clear and the argument persuasive bringing together histories of criminality of gender and of manners cuts across the period in a new way that promises to produce lively debate james thompson university of north carolina at chapel hill the central concern of this book is the transformation of the british gentleman from the so called glorious revolution through reformulations of patriarchy as exhibited in taste sensibility and virtue in the 18th century and beyond choice

Pirates, Terrorists, and Warlords

1897

lauren benton and lisa ford find the origins of international law in empires especially in the british empire s sprawling efforts to refashion the imperial constitution and reorder the world these attempts touched on all the issues of the early nineteenth century from slavery to revolution and changed the way we think about the empire s legacy

The Power of the Scabbard

1886

European expansion began in the early modern period but in the 18th century Europeans were still far from establishing their rule in Africa or Asia many attempts at expansion failed miserably nevertheless the belief in European supremacy and civilizing charisma was consolidated this study examines the reasons for these unrealistic plans and shows how a gap developed between imperial aspirations and the reality of intercultural encounters using the history of French attempts at expansion in Madagascar as an example it analyses the unfolding of colonial fantasy the production of bureaucratic knowledge and the role of the enlightenment in the development of colonialism
