disclaimer the results of spell work are never guaranteed each and every individual has a uniquely different life situation and therefore different physical mental emotional and spiritual blockages present these external factors have a direct effect on any spiritual work my work has a very high success rate as can be seen from hundreds of client testimonials but it is important that before booking you are aware that your desired result is not promised the manifestation of your desired result also depends on your own beliefs if you are sceptical or have doubts then this creates a blockage in itself as does impatience there is no specific time frame in which a spell manifests any spellcaster who claims you will see results after a specific length of time is being dishonest with you as there is no way of knowing for sure please be patient and give spells time to work it could be two hours two days two weeks or two months but that isn't up to you

spells that cure is a book based on the father of the family tree a study of what the doctor does to cure diseases not to replace doctors advice the spells in this book may work for you as i have heard it couldn't hurt based on navigations of genealogies that peoples have intentionally built in order to cause disorder to the people who invade the book shows the proper way these people save themselves and their people and curse the invaders for instance the cure for gout is a navigation to an ancestor that can be navigated away from if the path is known if its not known then the patient will continue to suffer all of these cures are experimental and of course the doctor does practice medicine these spells might add to the cure of some diseases that the patient may contact such as uncontrollable itching knowing how to cast this the itching might stop the author is proud of this work and is happy to add this title to the starr books bibliography

fairy tales are supposed to be magical surprising and exhilarating an enchanting counterpoint to everyday life that nonetheless helps us understand and deal with the anxieties of that life today however fairy tales are far from marvelous in the hands of hollywood they have been stripped of their power offering little but formulaic narratives and tame surprises if we want to rediscover the power of fairy tales as armando maggi thinks we should we need to discover a new mythic lens a new way of approaching and understanding and thus re creating the transformative potential of these stories in preserving the spell maggi argues that the first step is to understand the history of the various traditions of oral and written narrative that together created the fairy tales we know today he begins his exploration with the ur text of european fairy tales giambattista basile s the tale of tales then traces its path through later italian french english and german traditions with particular emphasis on the grimm brothers adaptations of the tales which are included in the first ever english translation in an appendix carrying his story into the twentieth century maggi mounts a powerful argument for freeing fairy tales from their bland contemporary forms and reinvigorating our belief that we still can find new powerfully transformative ways of telling these stories
