CIMA E1

2013-01-01

with a unique focus on the relationship between assessment and engagement this book explores what works in terms of keeping students on course to succeed against a backdrop of massification and the associated increase in student diversity there is an escalating requirement for personalized technology driven learning in higher education

in addition the advent of student fees has promoted a consumer culture resulting in students having an increasingly powerful voice in shaping curricula to their own requirements how does one engage and retain a group of students of such diverse culture ethnicity ambition and experience using examples from a variety of institutions worldwide this edited collection provides a well researched evidence base of current thinking and developments in assessment practices in higher education the chapters discuss staff and student views on assessment engaging students through assessment feedback assessment for learning assessing for employability interdisciplinary and transnational assessment technology supported assessment for retention the book draws together a wealth of expertise from a range of contributors including academic staff academic developers pedagogical researchers national teaching fellows and centres for excellence in higher education recognising that a pedagogy which is embedded and taken for granted in one context might be completely novel in another the authors share best practice and evaluate evidence of assessment strategies to enable academic colleagues to make informed decisions about adopting new and creative approaches to assessment this interdisciplinary text will prove an invaluable tool for those working and studying

in higher education

Handbook of Motivation at School

2009-09-10

this textbook provides you with all the up to date information you need to pass first time since it focuses systematically on each of the assessment criteria in the unit strong i as a lecturer trainer tutor assessor curriculum manager how do you ensure 1 that all individual learners needs are identified and met effectively 2 that full account is taken of disability and learning difficulties when preparing and delivering teaching learning and assessment strategies 3 that strategies applied to reduce the barriers to learning experienced by disabled learners and those with learning difficulties are legitimate and reasonable and do not provide them with an unfair advantage 4 that the most appropriate teaching learning and assessment methods are used and 5 that sessions are planned and delivered effectively and evidenced accordingly as part of a micro teach this textbook addresses each of these questions with supporting research as needed while remaining tightly focused on the unit s assessment criteria out of the three units of

the award in education and training understanding and using inclusive teaching and learning approaches in education and training is probably the most demanding to understand and apply what sets this book apart is the author s application of his considerable experience to this subject area in order to simplify it for those new to teaching and or new to the subject whether you are delivering training or lectures to 16 18 year olds mature learners professionals managers or international students with a range of learning needs and barriers to learning this book will prove useful in preparing you not only for your unit assessment but also for work in the sector most importantly the book adopts a practical approach which is supported by evidence and where relevant cross referenced to ofsted and qaa expectations it is therefore suitable for those intending to enter teaching and training as well as those already involved in delivering or managing a programme understanding and using inclusive teaching and learning approaches in education and training is the second book in the award in education and training series and covers each aspect of the award in education and training aet unit of the same name like the first book on understanding roles responsibilities and relationships in education and training this book is mapped

directly to each of the learning outcomes and assessment criteria for the unit across all awarding organisations it provides detailed practical explanation and links to various other resources so that whether you are new to teaching or already in a teaching or related role there will be a detailed examination of inclusive teaching and learning approaches in education and training people purchasing this book may find it useful to have a copy of the first book in the series understanding roles responsibilities and relationships in education and training as background books available in the award in education and training series 1 understanding roles responsibilities and relationships in education and training book 1 2 understanding and using inclusive teaching and learning approaches in education and training book 2 3 understanding assessment in education and training book 3 coming soon more in depth reading relevant to this publication 1 equality and diversity embedding equality and diversity into the curriculum a literature review 2 micro teach masterclass preparing and delivering your micro teach for the award in education and training and for interviews in teaching
