ideas and pioneering research achievements in management science and engineering management the respective contributions highlight both theoretical and practical studies on management science and computing methodologies and present advanced management concepts and computing technologies for decision making problems involving large uncertain and unstructured data accordingly the proceedings offer researchers and practitioners in related fields an essential update as well as a source of new research directions

2020 13th International Conference Management of Large Scale System Development (MLSD) 2020-09-28 international conference management of large scale system development mlsd is a cross disciplinary forum of academicians researchers teachers and practitioners the conference provides an open platform for discussion of the new ideas innovations tendencies practical problems and strategies of development for financial economic industrial energy medical biological transport and other large scale systems collaboration of scientists think tanks and industry associations to create a whole ecosystem for developing digital economy methodologies

ICEL 2018 13th International Conference on e-Learning

2018-07-05 this book contains the refereed proceedings of the 13th international conference on business information systems bis 2010 held in berlin germany in may 2010 the 25 revised full papers were carefully reviewed and selected from more than 80 submissions following the theme of the conference future internet business services the contributions detail recent research results and experiences and were grouped in eight sections on search and knowledge sharing data and information security experience modeling business processes and rules services and repositories data mining for processes visualization in business process management and enterprise resource planning and supply chain management

Business Information Systems 2010-05-10 13th international conference on knowledge management and knowledge technologies sep 04 2013 sep 06 2013 graz austria you can view more information about this proceeding and all of acm s other published conference proceedings from the acm digital library acm org dl

Proceedings of the 13th International Conference on Knowledge Management and Knowledge Technologies 2013-09-04 this book contains the refereed proceedings of the 13th international conference on

knowledge management in organizations kmo 2018 held in Žilina slovakia in august 2018 the theme of the conference was emerging research for knowledge management in organizations the 59 papers accepted for kmo 2018 were selected from 141 submissions and are organized in topical sections on knowledge management models and analysis knowledge sharing knowledge transfer and learning knowledge and service innovation knowledge creation knowledge and organization information systems and information science knowledge and technology management data mining and intelligent science business and customer relationship management big data and iot and new trends in it

Knowledge Management in Organizations 2018 this book contains the refereed proceedings of the 13th international conference on knowledge management in organizations kmo 2018 held in Žilina slovakia in august 2018 the theme of the conference was emerging research for knowledge management in organizations the 59 papers accepted for kmo 2018 were selected from 141 submissions and are organized in topical sections on knowledge management models and analysis knowledge sharing knowledge transfer and learning knowledge and service innovation knowledge creation knowledge and organization information systems and information science knowledge and technology management data mining and intelligent science business and customer relationship management big data and iot and new trends in it

Knowledge Management in Organizations 2018-07-30 this book constitutes the refereed proceedings of the 13th international conference on scalable uncertainty management sum 2019 which was held in compiègne france in december 2019 the 25 full 4 short 4 tutorial 2 invited keynote papers presented in this volume were carefully reviewed and selected from 44 submissions the conference is dedicated to the management of large amounts of complex uncertain incomplete or inconsistent information new approaches have been developed on imprecise probabilities fuzzy set theory rough set theory ordinal uncertainty representations or even purely qualitative models

Scalable Uncertainty Management 2019-12-02 the conference deals with the management of computer networks and its surrounding components including core devices end systems network services communication protocols applications and architectures

2017 13th International Conference on Network and Service Management (CNSM) 2017 this two volume set of Inai 12274 and Inai 12275

constitutes the refereed proceedings of the 13th international conference on knowledge science engineering and management ksem 2020 held in hangzhou china in august 2020 the 58 revised full papers and 27 short papers were carefully reviewed and selected from 291 submissions the papers of the first volume are organized in the following topical sections knowledge graph knowledge representation knowledge management for education knowledge based systems and data processing and mining the papers of the second volume are organized in the following topical sections machine learning recommendation algorithms and systems social knowledge analysis and management text mining and document analysis and deep learning the conference was held virtually due to the covid 19 pandemic

Knowledge Science, Engineering and Management 2020-08-20
september 10 12 2018 zurich switzerland key topics agriculture engineering agriculture food security plant science agricultural production systems agribusiness agricultural biotechnology agroforestry landscaping livestock animal farming agronomy crop science fertilizers pesticides crop protection entomology soil science water management food science greenhouse horticulture rice wheat research agriculture environment

Proceedings of 13th International Conference on Agriculture & Horticulture 2018 2018-09-04 this book presents the proceedings of workshops and posters at the 13th international conference on spatial information theory cosit 2017 which is concerned with all aspects of space and spatial environments as experienced represented and elaborated by humans other animals and artificial agents complementing the main conference proceedings workshop papers and posters investigate specialized research questions or challenges in spatial information theory and closely related topics including advances in the conceptualization of specific spatio temporal domains and diverse applications of spatial and temporal information

Proceedings of Workshops and Posters at the 13th International Conference on Spatial Information Theory (COSIT 2017) 2017-09-14 the conference deals with the management of computer networks and its surrounding components including core devices end systems network services communication protocols applications and architectures

2017 13th International Conference on Network and Service Management (CNSM) 2017-11-26 this two volume set of Inai 12274

and Inai 12275 constitutes the refereed proceedings of the 13th international conference on knowledge science engineering and management ksem 2020 held in hangzhou china in august 2020 the 58 revised full papers and 27 short papers were carefully reviewed and selected from 291 submissions the papers of the first volume are organized in the following topical sections knowledge graph knowledge representation knowledge management for education knowledge based systems and data processing and mining the papers of the second volume are organized in the following topical sections machine learning recommendation algorithms and systems social knowledge analysis and management text mining and document analysis and deep learning the conference was held virtually due to the covid 19 pandemic

Knowledge Science, Engineering and Management 2020-08-20 the 13th international symposium on distributed computing and artificial intelligence 2016 dcaif 2016 is a forum to present applications of innovative techniques for studying and solving complex problems the exchange of ideas between scientists and technicians from both the academic and industrial sector is essential to facilitate the development of systems that can meet the ever increasing demands of today s society the present edition brings together past experience current work and promising future trends associated with distributed computing artificial intelligence and their application in order to provide efficient solutions to real problems this symposium is organized by the university of sevilla spain osaka institute of technology japan and the universiti teknologi malaysia malaysia

Distributed Computing and Artificial Intelligence, 13th International Conference 2016-05-31 over past few years technologies have experienced boundaries getting blurred and concept of convergence to gain prominence harnessing from this two main tracks for information processing management and communication are held covering both research and application works of information management intelligent information processing interaction management networking telecommunications and social interaction this book creates unique opportunity for research convergence among truly diverse technology domains of computer science leveraging from this diversity of topics researchers get to generate novel research ideas by seeking application of their research in a different technology domain this volume represents the collection of papers presented at the 13th international

conference on ubiquitous information management and communication imcom 2019 held on 4-6 January 2019 in Phuket Thailand out of 228 papers submitted from all around the world 88 papers were accepted for presentations the 88 contributions to this volume are organized into 5 chapters chapter 1 network evolution chapter 2 intelligent and secure network chapter 3 image and video processing chapter 4 information technology and society and chapter 5 data mining and learning our editors wish readers to find this volume informative and enjoyable

Proceedings of the 13th International Conference on Ubiquitous Information Management and Communication (IMCOM) 2019

2019-05-22 this book constitutes the proceedings of the 13th international workshop on security and trust management STM 2017 held in Oslo Norway in September 2017 in conjunction with the 22nd European Symposium Research in Computer Security ESORICS 2017 the 10 full papers and 6 short papers were carefully reviewed and selected from 33 submissions the focus of the workshop was on the following topics cryptosystems and applied cryptography software security and risk management authorization security vulnerabilities and protocols and secure systems

Security and Trust Management 2017-09-13 in addition to the conference's traditional research areas this edition will highlight the issue of sustainable development in its relationship with the various aspects of the supply chain and transport in fact we are witnessing a generalized international awareness of sustainable development issues particularly those related to environmental protection faced with this challenge the entire supply chain including transport is at the forefront also under the pressure of climate change the harmful effects of pollution in all its forms social and societal challenges in addition to tightening regulations supply chain actors must mobilize to address the challenge of sustainable development at this 13th edition of the international conference on logistics and supply chain management LOGISTIQUA 2020 we would like to focus attention on the issue of SD

2020 IEEE 13th International Colloquium of Logistics and Supply Chain Management (LOGISTIQUA) 2020-12-02 the integrated and advanced science research topic man machine environment system engineering mmese was first established in China by Professor Shengzhao Long in 1981 with direct support from one of the greatest modern Chinese scientists Xuesen Qian in a letter to Shengzhao Long from October 22nd

1993 xuesen qian wrote you have created a very important modern science and technology in china mmese primarily focuses on the relationship between man machines and the environment studying the optimum combination of man machine environment systems in this system man refers to people in the workplace e g operators decision makers machine is the general name for any object controlled by man including tools machinery computers systems and technologies and environment describes the specific working conditions under which man and machine interact e g temperature noise vibration hazardous gases etc the three goals of optimization of man machine environment systems are to ensure safety efficiency and economy proceedings of the 13th international conference on man machine environment system engineering are an academic showcase of the best papers selected from more than 400 submissions introducing readers to the top research topics and the latest developmental trends in the theory and application of mmese these proceedings are interdisciplinary studies on the concepts and methods of physiology psychology system engineering computer science environment science management education and other related disciplines researchers and professionals working in these interdisciplinary fields and researchers on mmese related topics will benefit from these proceedings

Proceedings of the 13th International Conference on Man-Machine-Environment System Engineering 2013-09-30 this book constitutes the refereed proceedings of ten international workshops held in innsbruck austria in conjunction with the 13th international conference on business process management bpm 2015 in september 2015 the seven workshops comprised adaptive case management and other non workflow approaches to bpm adaptivecm 2015 business process intelligence bpi 2015 social and human aspects of business process management bpms2 2015 data and artifact centric bpm dab 2015 decision mining and modeling for business processes demimop 2015 process engineering iwpe 2015 and theory and applications of process visualization taproviz 2015 the 42 revised papers presented were carefully reviewed and selected from 104 submissions in addition four short papers and one keynote from taproviz are also included in this book

Business Process Management Workshops 2016-07-25 june 19 21 2017 paris france key topics pain management in neurosurgery neurology neurosurgery cerebrovascular surgery brain tumour

neurological disorders traumatic neurosurgery skullbase neurosurgery spine and peripheral nerve surgery endovascular neurosurgery novel therapeutics neurosurgery and nursing neuroaesthetics and critical care case reports in neurosurgery advance techniques on neurosurgery functional neurosurgery pediatric neurosurgery radiosurgery cyberknife *Proceedings of 13th International Conference on Neurology and Neurosurgery 2017* 2017-06-13 this book constitutes the refereed proceedings of the 13th international conference on age information management waim 2012 held in harbin china in august 2012 the 32 revised full papers presented together with 10 short papers and three keynotes were carefully reviewed and selected from a total of 178 submissions the papers are organized in topical sections on wireless sensor networks data warehousing and data mining query processing spatial databases similarity search and queries xml and data graph and uncertain data distributed computing data security and management information extraction and integration and social networks and modern services

Web-Age Information Management 2012-08-13 proceedings of the 13th international conference on intellectual capital knowledge management organisational learning held at ithaca college ny usa on 16 17 septemeber 2016

ICICKM 2016 - Proceeding of the 13th International Conference on Intellectual Capital Knowledge Management & Organisational Learning 2022-02-21 this book highlights the recent research on soft computing pattern recognition nature inspired computing and their various practical applications it presents 53 selected papers from the 13th international conference on soft computing and pattern recognition socpar 2021 and 11 papers from the 13th world congress on nature and biologically inspired computing nabic 2021 which was held online from december 15 to 17 2021 a premier conference in the field of soft computing artificial intelligence and machine learning applications socpar nabic 2021 brought together researchers engineers and practitioners whose work involves intelligent systems network security and their applications in industry including contributions by authors from over 20 countries the book offers a valuable reference guide for all researchers students and practitioners in the fields of computer science and engineering *Proceedings of the 13th International Conference on Soft Computing and Pattern Recognition (SoCPaR 2021)* 2024-06-20 this book contains a

selection of papers from the 13th international conference on engineering project and production management eppm held in auckland new zealand from 29 november to 1 december 2023 the conference was organized by the school of built environment massey university in collaboration with the eppm association the book comprises of quality assured theoretical discussions data analysis case studies and industry practices presented by global researchers and practitioners the conference theme was creating capacity and capability re energizing supply chain for sustainable management of projects and productions in engineering and this volume focuses on papers related to engineering management innovation and sustainability the papers are comprehensive multidisciplinary and advanced and will be of interest to researchers and practitioners from various industries seeking the latest updates on the fields of engineering project and production management

Advances in Engineering Management, Innovation, and Sustainability 2022-11-15 this book constitutes the refereed proceedings of the 13th international conference on subject oriented business process

management s bpm one 2022 held in karlsruhe germany during june 29 july 1 2022 the 7 full papers and 4 short papers included in this book were carefully reviewed and selected from 15 submissions they were organized in topical sections as follows technology application and short papers

Mobile Networks and Management 2017-07-18 july 24 25 2017 rome italy key topics pharmaceutical nanotechnology novel drug delivery technology nanomedicine and drug delivery nanotechnology for pediatric medicine nanotechnology in preclinical and clinical development regulatory guidance for pharmaceutical nanotechnology nanotechnology for targeted drug delivery future aspects of pharmaceutical nanotechnology recent advances in nanotechnology major challenges in nanotechnology pharmaceutical companies and markets business opportunities in nanotechnology nano pharmaceuticals nanomedicines and biomedical applications

Subject-Oriented Business Process Management. Dynamic Digital Design of Everything - Designing or being designed? 2021-11-08

with the signing of the paris agreement in december 2015 the united nations explained their willingness to limit the ghg emissions and contribute to the measures against the global warming effect in 2019 the european commission proposed the green deal and as a consequence the

target to be climate neutral in 2050 in consequence the fossil based energy system has to transform into a climate neutral energy system with renewable and sustainable energy carriers research on and development of alternative fuels and new production processes are ongoing to provide the technical solution political actions are needed to provide the economic framework for the introduction of such alternative fuel solutions the fulfilment of the european co2 reduction targets until 2050 needs realistic technical solutions including backwards compatible approaches for existing vehicle fleets an economic and sustainable development towards climate neutral mobility requires a holistic view based on life cycle assessments for the different mobility approaches including the economic impacts as well as financing options a synergetic discussion of solutions for future fuels and powertrain technologies is needed to develop an economic pathway to a sustainable and affordable mobility of tomorrow the challenging goal for mobility can only be achieved through an international cooperation of universities the automobile industry energy producers the oil industry and the legislative bodies of the member states the international colloquium aims to contribute to the development of a climate neutral mobility by exchanging views on and discussing all aspects connected with the powertrain fuel environment system including the necessary political regulations

Proceedings of 13th International Conference and Exhibition on Nanomedicine and Pharmaceutical Nanotechnology 2017

2018-12-28 this book presents the proceedings of the 13th international conference on application of fuzzy systems and soft computing icafts 2018 held in warsaw poland on august 27 28 2018 it includes contributions from diverse areas of soft computing such as uncertain computation z information processing neuro fuzzy approaches evolutionary computing and others the topics of the papers include theory of uncertainty computation theory and application of soft computing decision theory with imperfect information neuro fuzzy technology image processing with soft computing intelligent control machine learning fuzzy logic in data analytics and data mining evolutionary computing chaotic systems soft computing in business economics and finance fuzzy logic and soft computing in the earth sciences fuzzy logic and soft computing in engineering soft computing in medicine biomedical engineering and the pharmaceutical sciences and

probabilistic and statistical reasoning in the social and educational sciences the book covers new ideas from theoretical and practical perspectives in economics business industry education medicine the earth sciences and other fields in addition to promoting the development and application of soft computing methods in various real life fields it offers a useful guide for academics practitioners and graduates in fuzzy logic and soft computing fields

13th International Colloquium Fuels 2014-07-08 this book contains the refereed proceedings of the 13th international conference on business process modeling development and support bpmds 2012 and the 17th international conference on exploring modeling methods for systems analysis and design emmsad 2012 held together with the 24th international conference on advanced information systems engineering caise 2012 in gdańsk poland in june 2012 the 17 papers accepted for bpmds were selected from 48 submissions and cover a wide spectrum of issues related to business process development modeling and support they are grouped into sections on business process in the cloud advanced bpm in an organizational context similarity variations and configuration bpm and requirements engineering humans and business process models and bpm technologies using computational methods the 13 papers accepted for emmsad were chosen from 28 submissions and focus on exploring evaluating and enhancing current information modeling methods and methodologies they are grouped in sections on modeling of enterprise architecture modeling facts and rules business process modeling modeling of non functional requirements safety modeling and analysis quality of models and modeling languages and supporting the learning of conceptual modeling

13th International Conference on Theory and Application of Fuzzy Systems and Soft Computing – ICAFS-2018 2019-08-01 this volume constitutes the proceedings of the 13th international conference on algorithmic aspects in information and management aaim 2019 held in beijing china in august 2019 the 31 full papers presented were carefully reviewed and selected the papers deal with most aspects of theoretical computer science and their applications special considerations are given to algorithmic research that is motivated by real world applications Enterprise, Business-Process and Information Systems Modeling 2016 june 25 26 2018 berlin germany key topics molecular pathology hematology laboratory management cytogenetics clinical microbiology

diagnostic laboratory medicine microscopy transfusion pathology and medicine pediatric laboratory medicine clinical pathology antibiotics in laboratory medicine clinical applications of molecular biology laboratory toxicology automation in laboratory analysis quantitative techniques blotting techniques tissue engineering animal biotechnology

Algorithmic Aspects in Information and Management 2011-03-13

th on behalf of the organizing committee of the 13 international conference on biomedical engineering i extend our warmest welcome to you this series of conference began in 1983 and is jointly organized by the yll school of medicine and faculty of engineering of the national university of singapore and the biomedical engineering society singapore first of all i want to thank mr lim chuan poh chairman a star who kindly agreed to be our guest of honour to give the opening address amidst his busy schedule i am delighted to report that the 13 icbme has more than 600 participants from 40 countries we have received very high quality papers and inevitably we had to turn down some papers we have invited very prominent speakers and each one is an authority in their field of expertise i am grateful to each one of them for setting aside their valuable time to participate in this conference for the first time the biomedical engineering society usa will be sponsoring two symposia ie drug delivery systems and systems biology and computational bioengineering i am thankful to prof tom skalak for his leadership in this initiative i would also like to acknowledge the contribution of prof takami yamaguchi for organizing the nus tohoku s global coe workshop within this conference thanks also to prof fritz bodem for organizing the symposium space flight bioengineering this year s conference proceedings will be published by springer as an ifmbe proceedings series
