The Mathematics of Poker

2006

for decades the highest level of poker have been dominated by players who have learned the game by playing it road gamblers who have cultivated intuition for the game and are adept at reading other players hands from betting patterns and physical tells over the last five to ten years a whole new breed has risen to prominence within the poker community applying the tools of computer science and mathematics to poker and sharing the information across the internet these players have challenged many of the assumptions that underlay traditional approaches to the game

Play Poker to Win

1973

the thrill of poker the agony of defeat a bestseller if enough people buy it a humorous and mostly true accounting of the poker playing world for the average poker player this book is relevant to anyone who plays poker regardless of experience level even if you only watch poker on espn you can understand and enjoy this book this book covers the history of poker the different types of poker games types of players venues playing online table manners and diversity in the poker room plus for the novice there is a poker glossary so everyone will be able to speak the poker language without an accent there are a billion rough estimate poker books available to the average player reader most of them serious or meant to be serious poker enthusiasts would enjoy a book that is quick fun and relevant to everyone about the author bill collins has spent 22 years as a morning show disc jockey in atlanta miami wichita and fort wayne in he has won tens of poker tournaments in over 4 states actually exactly 4 states bill lives in fort wayne with his lovely wife gena his daughter cara and his two grandchildren collin and lillie he has two other children chelsea and isaac he loves to play poker and eat ice cream preferably at the same time

The Thrill of Poker

step into the shadows of deadwood deadwood a town steeped in legend holds its breath as travis pearson reenactor of the infamous wild bill hickok

finds himself ensnared in a historical riddle that blurs the lines between performance and reality life and death in the dim light of saloon no 10 amidst the applause for a well recreated death travis feels a chilling resonance with his character that cannot be shaken the echoes of the past it seems are not content to remain silent as unexplained deaths begin to shadow deadwood once more whispers of a resurgent curse sweep through the haunted streets travis caught in the heart of the mystery is forced to confront the possibility that he might be playing a role far beyond the saloon s stage the pressure mounts when the discovery of an ancient diary links modern tragedies to historical vendettas suggesting that the violence of the past is leeching into the present with each passing day as the body count rises travis s dreams are invaded by the ghosts of deadwood s storied inhabitants blurring the lines between sleep and wakefulness between history and horror his friends ted and charlie stand by him determined to help travis unravel the mystery before the history he loves so dearly consumes him whole but the closer they get to the truth the more travis begins to realize that the key to breaking the curse might require a sacrifice too personal to bear in a town where every shadow whispers of betrayal and every gust of wind carries the scent of long buried secrets travis must navigate the treacherous waters of legacy and legend will he emerge into the light or will he become another echo in the haunting of saloon no 10 step into the shadows of deadwood where the past is alive and history s dead refuse to rest the line between the past and present has never been so perilously thin as travis stands on the precipice of a discovery that could either liberate or destroy deadwood holds its breath waiting to see whether salvation or damnation waits in the wings join travis as he delves deep into the heart of a curse where the stakes are life and death and history itself hangs in the balance
