A Dictionary and Concordance of the Names of Persons and Places and of Some of the More Remarkable Terms which Occur in the Scriptures of the Old and New Testaments 1869

this collection of essays examines the respective religious and social functions of kings and prophets as they are presented in the biblical narratives biblical kingship is easily shown to be a specific instance of an ancient and widespread institution sacred monarchy that was the pivot of most state organizations throughout antiquity prophetic authority is described as a typical institution of ancient hebrew society the difference between monarchy and prophecy is radical because the former implies a hereditary power and is upheld by its subjects who feed their kings with taxes while the latter derives its authority from allegedly direct divine inspiration and though it is also economically dependent it is not explicitly presented as being based upon systematic exploitation cristiano grottanelli interprets the rise of prophecy as a consequence of a crisis of monarchical structures at the beginning of the iron age and connects it to similar phenomena attested in ancient greek texts derived from a similar crisis though monarchy finally won the day in the ancient mediterranean in a new imperial form the new literatures in greek and hebrew consonantic and alphabetic scripts shaped nonmonarchic figures to which they attributed some of the functions previously pertaining to monarchy these new literatures produced by two cultures that were both highly literate and organized according to nonmonarchical principles diverged radically in their development and final outcomes in the hebrew tradition monolatry and an official canon of sacred writings were the final result the prophetic principle was thus overcome by a new ideological construction centered upon inspired scriptures rather than upon the impromptu performances of inspired persons in using the prophetic principle against the monarchic the canonical texts paradoxically shaped their own authority above that of living prophets

characteristics according to one or the other of its periods unites both of them in an indissoluble and absolute unity considered in its entirety this reign begins with the rejection of the true king of israel 1 sam is consolidated after victory in the midst of dissensions of the people and strife 2 sam and is finally established in peace righteousness and glory at the beginning of the book which now occupies us this account as indeed the whole of the word directs our eyes to christ and presents his reign in all its various phases rejected as messiah he appears again upon the scene in the last days gradually gathers judah and the tribes of israel under his sceptre extends his dominion over the nations by judgments but also in grace until the final establishment of his universal millennial kingdom then in peace and in righteousness he rejoices in his victory associating his earthly people with himself in this

throughout the rich tapestry of history woven of people and events battles and treaties scientific discovery and artistic expression certain names stand out far above their contemporaries these are men whose lives were lived on a grand scale and who remain inspiring to this very day beacons still after the passing of centuries to show both the greatness and the folly of mankind they were men raised up for a specific purpose and our history was forever changed for their passing bernard of chartres used to say that we are like dwarfs on the shoulders of giants so that we can see more than they and things at a greater distance not by virtue of any sharpness of sight on our part or any physical distinction but because we are carried high and raised up by their giant size living with kings travels the span of history to touch on the lives of such giants and to show the ramifications of their choices and actions on their earthly kingdoms it paints each king s life as a momentary glimpse of a facet of the king of kings jesus and shows how he is the one who ultimately weaves the rich tapestry of human history as we know it when we know the king we better understand who we are as children of the king
