laura pedersen was struck by how things were finally improving in her beloved hometown as 2008

instead of grain and steel the booming industries now included healthcare and banking education and
technology folks who d moved away due to lack of opportunity in the 1980s talked excitedly about

diaspora has ended preservationists are winning out over demolition crews the lights are back on in a
city that's usually associated with blizzards and blight rather than its treasure trove of art architecture
