2002-12

1884

California. Court of Appeal (2nd Appellate District). Records and Briefs 1999-03-25

House documents 2001 from the year 1788 when he triumphed on the berlin stage with his misanthropy and remorse to 1819 when a student terrorist stabbed him to death for his unpatriotic political views kotzebue reigned supreme over the german and austrian theater and pervaded theaters throughout the world goethe who both admired and despised the weimar born writer produced his plays more often than those of any other author living or dead some fifty of his plays were eagerly translated and performed in great britain and the united states his influence on nineteenth century stagecraft was far reaching today he is still a familiar figure to every student of german literature and history in the english speaking world however the erstwhile darling of the theater has been practically forgotten the critical literature about him in our language is negligible but this void is now ideally filled by mandel s volume he has translated into fluent performable english with very useful notes the comedy that is generally regarded as kotzebue s masterpiece in addition the first half of his book is devoted to a thoroughgoing critical and biographical introduction without seeking to rehabilitate kotzebue s vast output in the sentimental and melodramatic genres mandel argues that he created the final important neoclassical comedy in a long lived tradition extending from machiavelli through moliere goldoni sheridan and ending on a note of anti romantic bravado with himself mandel supports his argument with the most tangible evidence the droll play itself
