when it comes to the final analysis all of us has a story to tell the problem is that to tell it takes a lot of will and patience and when you think about it willingness and patience are not some things that a lot of people have i titled this book i wouldn't have it any other way this title was not just chosen there is a reason behind me coming up with this title after reading this book no doubt many are saying within yourselves how in god's world did he arrive at this title after having experienced all of the things that he has experienced when i look at my parents siblings and those that have shared many of the same experiences that i have i decided to use all of these things as a stepping stone not as a stumbling block i viewed these occurrences through the eyes of god when i did i said that i would not have it any other way all of the different things that i personally have been through have enabled me to draw closer to god having such an intimacy with god has caused me to get to places in him that i never imagined i am mindful of the passage of scripture that is found in romans 8:28 this scripture says that and we know that all things work together for the good to them that love god to them who are the called according to his purpose this being said i feel that all things that were mentioned in the content of this book both the good and not so good have happened for my betterment these are the things from my days of my infancy to this present time with that being said it was in the plan of god that i was born to boston and evelyn myers the things that they went through under the sharecropping system and the jim crow laws have helped me to value god and the things of god the loss of my mother at an early age caused me to put my trust in god for my survival the woodpile experience helped me to prepare for the establishment of a genuine relationship with god lastly the union with mary elizabeth was not an accident this most definitely was in the plan of god my three sons that came out from this union was also in the plan of god what can i say i cannot say anything but that i will not have it any other way

move on is a basic concept of life but care should be taken while making such transition such that distance should be covered and not created this story justifies the same concept if a human is to err then he is also meant to correct yes it takes time to realize one s mistakes but once the realization process is over one must be gutsy enough to accept it and correct it at times just a sorry is not enough in friendship and a sorry is nothing without efforts to mend the harm so from strangers you become best friends from best friends you become strangers again the cycle completes itself in a way but then it s up to one s conscience as to how one considers the cycle in his mind and how much he values his elationships kabeer radhika and vishesh s friendship unfortunately ended in the same college where it took off from some intentional mistakes and some situational conspiracies have shaped up the whole story with a question mark in the end someone needed to acknowledge and give a befitting reply to the almighty questioner time they say actions speak louder than words but words in the form of action speak loudest i guess at least vishesh proved it so and finally in this story friendship wins against all the odds
