Fate seemed to enjoy smacking me upside the head whenever I dared to cross the species line. So when a handsome wolf shifter with a few extra years of experience comes walking into my bakery I shouldn't agree to go on a date with him especially not because he's only in town for the biggest wedding of the year the one where his son is the groom the one between my last boyfriend and his fated mate. Did I say fate liked to smack me upside the head try burying me in the rubble of my past mistakes instead like father like son had never been so wrong or so right. Snow Red 2021-10-05 the spotlight burns brighter in a small town as does the fire between mates no matter the age difference. Welcome to the Kinship Cove diner where a good cup of coffee comes with every fated mating. I have two great loves of my life my fox shifting family no matter how much they drive me crazy and being on stage. True my acting credits are relegated to the local community playhouse but that doesn't matter I spend my free time learning lines and rehearsing scenes that very few people will ever see. Dating, mating, and all that comes with it unimportant at least until a man with a sharp gaze a little gray in his hair and a familiar face comes walking into the diner. He's handsome, charming, and the fates say all mine except he's also famous an actor whose eagle shifter instincts have brought him stardom in the action movie arena. The fates aren't always kind but giving me someone who lives his life in such a public way might just be too cruel for words. I've never really worried about finding a mate but now that I have him I don't want to be without him and I've had enough sharing for one lifetime. What a wonderful, intriguing, and intoxicating journey. Two thumbs up and a recommendation for you all to grab yourselves a copy.

Espresso Con Eagle 2019-04-16 the fates definitely love their version of beauty and the beast especially when their beast comes with a record. Welcome to the Kinship Cove diner where a good cup of coffee comes with every fated mating. I haven't spent much time thinking about dating or mating or any of that sort of stuff I'm more of a good girl waiting for the fates to bring me my perfect match and working hard to help my family in any way possible that's how I ended up in Kinship Cove in the first place. My aunt needed help at her diner so here I am staying in an old bed and breakfast trying to avoid being yelled at by my

loving if not constantly frazzled auntie and avoiding winking shifters like the plague men not on my radar at least not until a beast of a man comes strolling through the door literally he's not what i expected gray hair deep dark eyes and a temper known throughout the town including by local law enforcement the fates definitely want us together but when his past comes fighting its way into our present the fates may not be enough love behind bars is a thing right i can't get enough of the mating in kinship cove reader lynette wolverine wafer is a paranormal romantic comedy from usa today bestselling author ellis leigh the story is a standalone pnr rom com with wit snark shifters and more than just flirting

Frappé Fox 2019-01-29 these aliens are looking for love in all the wrong solar systems cutlass never thought he'd be stuck on some backward planet in a solar system with only one sun earth wasn't his home but he'd find a way to survive there if it meant finding a mate he could put up with their ancient mechanical devices and a name that wasn't his own for the right woman chloe never imagined she'd sign up to be some sort of modern day mail order bride but too much wine and an internet connection were a bad combination especially when the life she imagined seemed so much greater than the life she was living everyone stretches the truth on those dating websites right one ad in a space station one night of too much drinking and one hotel room that will never be the same what would you do if you found out the man from your fantasies was actually the man from your science fiction

Justify 2018-05-10 these men are looking for love in all the wrong solar systems hudson knew from the moment he saw the flyer in a space station bathroom that a mail order bride from earth was for him he wanted a mate someone to cherish someone to spoil and finding her in another species wasn't a big deal in his mind convincing his two shipmates to go along was the hardest part and even then he knew

everything would work out for them macy had a plan go to school become a doctor and keep her twin sister healthy if men fell to the side along the way she could catch up on the whole dating thing later but when said twin sister decided to apply for a mail order bride program as macy things got a little complicated suddenly there was a hot guy with rock star charm looking at her as if she was the greatest thing on earth and she had no idea how to deal with that one ad in a space station one sister who should know better and a positive attitude that s almost impossible to break almost what would you do if you found out the man from your fantasies was more like the man from your science fiction

Cuddles & Coffee 2021-02-19 these aliens have been looking for love in all the wrong solar systems maverick wasn t a fan of the planet earth he also wasn t particularly fond of being matched to a human mail order bride she was too bossy too fake too everything he didn t want until he did stacy spent a year of her life isolated from her friends and family so she refused to spend another minute that way that was why she signed up to be matched as a mail order bride it worked for her sister it d work for her too as soon as she got past her match s broody ways one cranky alien with no clue how to be romantic one clingy female who refuses to let her dislike of her match stop her and one slip of the tongue that set the two on a crash course in how not to fall in love what would you do if you found out the man from your fantasies was actually the man from your science fiction
