Study Guide for Mankiw's Essentials of Economics, 6th 2011-01-19

This accompanying book to Mankiw and Taylor's Economics does three things: first, it reinforces the text and improves the student's understanding of the material presented in it; second, it provides the reader with experience in using economic theories and tools to solve actual economic problems; that is, it bridges the gap between economic concepts and economic problem solving. Finally, the workbook and study guide includes a self-test to confirm areas of successful learning and to highlight areas needing improvement. Each chapter in the workbook and study guide corresponds to a chapter in the main textbook, Mankiw and Taylor's Economics.
