needs from the source you trust whatever your shopping style diligent researchers casual browser or determined time saver the current shopping scene holds new and expanding options this text presents the full illustrated history of the car that reinvented the traditional sportscar and has enjoyed huge sales success and critical acclaim throughout the world includes advertising matter farm model collecting has become increasingly popular with people of all ages britains a leading manufacturer have a long and distinctive history of producing these models this book is the first comprehensive fully illustrated guide for those interested in collecting them the book describes all the baler and combine models produced by britains since they were first added to its farm model range 40 years ago and also provides details of their development as well as standard models this includes details and photographs of prototype and rare models the history is complemented by a catalog describing the main features differences issue dates and codes of each model produced each is illustrated with six color photographs showing the model from different angles and the issue packaging britain s has a long distinctive history producing farm model tractors for collectors young and old around the world this book is the first comprehensive fully illustrated guide for collectors of the model and toy tractors produced by britain s in the ten years since it transferred all production to china the book describes all the model tractors released in north america and europe since 1998 as well as general releases it includes details and photographs of prototype and rare models this is complemented by a catalogue describing the main features differences issue dates and codes of each model produced each is illustrated with six color photographs showing the model from different angles and the issue packaging the story of a man that brought his own personal style to the world of industrial design from automobiles to powerboats some 50 years after his design masterpieces wrested styling leadership away from general motors harley earl thirty four years after his untimely death virgil exner s name still remains inexorably linked to the chrysler corporation in the minds of car enthusiasts worldwide for an all too brief period exner s name epitomised all that was great and exciting in america his thrilling automobile designs from the mid fifties took the world by storm and put chrysler at the top his work was nothing less than a revolution until the mid fifties engineers creating cars that were reliable but invariably staid and conservative had dominated auto design exner introduced to chrysler firstly with his idea cars then with production models vehicles that were wanted for their looks but at the same time were soundly engineered automobiles that carried classic proportions and gave the illusion of movement even whilst stationary his design of the 1947 studebaker established the design pattern for all modern cars and was a huge success along with automobile styling his talents stretched to many other areas of industrial design from trains to trucks and boats to buicks this book gets behind the character of the man his strengths and weaknesses his personal tragedies and his vision of modern transport uncover why he set up in competition with raymond loewy get the real facts behind historic inaccuracies and why he was made scapegoat for the sales disaster of the early sixties then delight in his fine artwork and his love of motor racing with many previously unseen works of art and family photos among the 150 colour images throughout this is a unique and fascinating insight into a pivotal player in the development of the modern automobile the most trustworthy source of information available today on savings and investments taxes money
