SUPERHUBS 2017-01-24

one of bloomberg s best books 2016 foreword by nouriel roubini uperhubs is a rare behind the scenes look at how the world s most powerful titans the superhubs pull the levers of our global financial system combining insider s knowledge with principles of network science sandra navidi offers a startling new perspective on how superhubs build their powerful networks and how their decisions impact all our lives uperhubs reveals what happens at the exclusive invitation only platforms the world economic forum in davos the meetings of the international monetary fund think tank gatherings and exclusive galas this is the most vivid portrait to date of the global elite the bank ceos fund managers billionaire financiers and politicians who through their interlocking relationships and collective influence are transforming our increasingly fragile financial system economy and society

No Laws Establishing Or Prohibiting Religion 2018-06-08

the first amendment religion clause congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof this book takes an in depth look at the religion clause portion of the first amendment using historical documents and letters in chapter one examples are given of the historical reasons for why the framers of the first amendment the founding fathers thought it was necessary to list religion as part of the bill of rights in the manner that they did in chapter two documentation is presented showing how they applied it during their times of service in government the application of the 14th amendment is examined along with whether or not it should be applied to the 1st amendment based on the history of both in chapter three a complete analysis is made of thomas jefferson s wall of separation letter and in chapter four an in depth investigation is taken into jefferson s virginian act for establishing religious freedom james madison s memorial and remonstrance against religious assessments and madison s detached memoranda essay on religion and government interaction these documents along with others examined in this book display the founding fathers views as to why there is a religious clause and what its proper application should be between church that is religion and state this book also contains present day solutions for how the government could act legally and constitutionally regarding religion and related religious books and toward those who claim religious reasons as their motivation to physically harm others history reveals the continued purpose and need for the religion clause in the bill of rights

When Women Ruled the World: Making the Renaissance in Europe 2021-10-12

in this game changing revisionist history a leading scholar of the renaissance shows how four powerful women redefined the culture of european monarchy in the glorious sixteenth century the sixteenth century in europe was a time of chronic destabilization in which institutions of traditional authority were challenged and religious wars seemed unending yet it also witnessed the remarkable flowering of a pacifist culture cultivated by a cohort of extraordinary women rulers most notably mary tudor elizabeth i mary queen of scots and catherine de medici whose lives were intertwined not only by blood and marriage but by a shared recognition that their premier places in the world of just a few dozen european monarchs required them to bond together as women against the forces seeking to destroy them if not the foundations of monarchy itself recasting the complex relationships among these four queens maureen quilligan a leading scholar of the renaissance rewrites centuries of historical analysis that sought to depict their governments as riven by personal jealousies and petty revenges instead when women ruled the world shows how these regents carefully engendered a culture of mutual respect focusing on the gift giving by which they aimed to ensure ties of friendship and alliance as quilligan demonstrates gifts were no mere signals of

affection but inalienable possessions often handed down through generations that served as agents in the creation of a steep social hierarchy that allowed women to assume political authority beyond the confines of their gender with brilliant panache amanda foreman quilligan reveals how eleven year old elizabeth i s gift of a handmade book to her stepmother katherine parr helped facilitate peace within the tumultuous tudor dynasty and how catherine de medici s gift of the valois tapestries to her granddaughter the soon to be grand duchess of tuscany both solidified and enhanced the medici family s prestige quilligan even uncovers a book of poetry given to elizabeth i by catherine de medici as a warning against the concerted attack launched by her closest counselor william cecil on the divine right of kings an attack that ultimately resulted in the execution of her sister mary queen of scots beyond gifts when women ruled the world delves into the connections the regents created among themselves connections that historians have long considered beneath notice like fellow soldiers in a sororal troop quilligan writes these women protected and aided each other aware of the leveling patriarchal power of the reformation they consolidated forces governing as sisters within a royal family that exercised power by virtue of inherited right the very right that protestantism rejected as a basis for rule vibrantly chronicling the artistic creativity and political ingenuity that flourished in the pockets of peace created by these four queens quilligan s lavishly illustrated work offers a new perspective on the glorious sixteenth century and crucially the women who helped create it

Education for All? 2023-11-30

this book offers a unique look at historical policymaking to explore how nineteenth century fiction writers influenced the creation of public school systems in denmark and great britain this title is part of the flip it open programme and may also be available open access check our website cambridge core for details

Information Services Today 2015-03-19

this essential overview of what it means to be a library and information professional today provides a broad overview of the transformation of libraries as information organizations why these organizations are more important today than ever before the technological influence on how we provide information resources and services in today s digital and global environment and the various career opportunities available for information professionals the book begins with a historical overview of libraries and their transformation as information and technology hubs within their communities it also covers the various specializations within the field emphasizing the exciting yet complex roles and opportunities for information professionals with that foundation in place it presents how libraries serve different kinds of communities highlighting the unique needs of users across all ages and how libraries fulfill those needs through a variety of services and addresses key issues facing information organizations as they meet user needs in the digital age the book then concludes with career management strategies to guide library and information science professionals in building not only vibrant careers but vibrant information organizations for the future as well

Susan B. Anthony 2019-03-26

this biography for young readers examines the life of an american who advocated for women s rights and the abolishment of slavery susan b anthony was born into a world in which men ruled women a man could beat his wife take her earrings have her committed to an asylum based on his word alone and take her children away from her while the young nation was ablaze with the radical notion that people could

govern themselves people were understood to be white and male women were expected to stay out of public life and debates as anthony saw the situation women's subsistence is in the hands of men and most arbitrarily and unjustly does he exercise his consequent power she imagined a different world one where women and people of color were treated with the same respect that white men were given susan b anthony explores her life from childhood to her public career as a radical abolitionist to her rise to become an international leader in the women's suffrage movement the book includes selections of anthony's writing endnotes a bibliography and an index susan b anthony who fought tirelessly for women to have the right to vote is profiled in this very readable entry in the making of america series booklist

What Sorrows Labour in My Parent's Breast? 2023-04-15

in what sorrows labour in my parents breast brenda stevenson provides a long overdue concise history to help the reader understand this vitally important african american institution as it evolved and survived under the extreme opposition that the institution of slavery imposed

Conversations with Silence 2021-01-08

silence scary inviting or both what do you do with silence and what if silence was a language we could learn to read hear and even speak this book invites you to tune the eyes and ears of your heart to the cadences of silence enter into conversations with silence as you are taken on an odyssey venture into the australian bush trek deep into the red desert encounter shadows and desert dwellers you will also delve into the tiny houses of everyday silences and receive their gifts of hospitality and stumbling into that other territory where silence becomes a death threat or survival an orchard can show you the fruit of life beginning again conversations with silence takes you to the rosetta stone of an ancient forgotten language a language some have called god or the soul immerse yourself in the silent realm of mystics musicians poets and pilgrims of every path these are our companions as we explore the nuanced vocabulary of the worlds of silences and join in the conversation with a new voice

Warrior, Queen, Scientist, Activist 2024-03-12

this book tells the stories of twenty five women from the dawn of civilization to the present day who bent the arc of history by what they did at the defining moment in their lives at this critical juncture they had a choice taking the safe or least risky option or challenging the status quo they wielded the sword seized political power or challenged societal norms and laws and transformed society contrary to all cultural dictates some women were virtual saints others were more ruthless than any man of their age one even instituted the first police state in history these women all faced enormous odds the social norms of their time were so pervasive and insular that every touchpoint in society bullied them as social media bullies women today especially those who dare to be different not for difference's sake but to make a difference in their brief time on this planet to the woman they responded to challenges setbacks and disappointments by redoubling their efforts we can learn from and be inspired by their lives and their grit and their mistakes to read their stories is to see ourselves anew

Damaged Goods 2022-07-19

□□□□□□□□□□ **2024-05-30**

[illegible]

Hitler's British Nazis 2019-11-08

following the end of the first world war many countries experienced economic decline unemployment high inflation low wages and poor working conditions led to widespread unrest this manifested itself in the rise of powerful militaristic leaders first in italy where fascism was born and then in germany and elsewhere the policies of the likes of mussolini and hitler were hugely popular and fascism was seen by many as a viable political alternative to democracy to some degree these ideals also gained traction in the uk where some individuals in and among the elite of british society believed fascism was the way forward for the country this is fully explored in hitler's british nazis which traces the evolution of extreme right wing opinion from the turn of the century right through to the end of the second world war in particular it looks at the way british fascism developed its own character due to britain having been on the winning side during the first world war early fascist movements of the 1920s are analyzed including the fascist tendencies of the suffragette movement the book then traces the way in which domestic politics and the dire economic situation of the early 1930s created a political vacuum that was filled by oswald mosley and his blackshirt movement throughout the 1930s right wing sympathisers looked to hitler's germany rather than to mussolini's italy for inspiration some members of aristocratic and political elites many with virulent anti semitic views saw in german fascism a template for britain to build on but remained wilfully blind to the excesses of the nazi regime that were getting worse by the day the book looks at the way in which nazi germany was depicted in the press and how powerful press barons many of whom were pro german and supported chamberlain's appeasement policies were able to influence public opinion the role of the mitford sisters unity in particular is explored in detail as is the influence of the cliveden set under the leadership of the astors and perhaps most interesting of all is the role played by king edward viii and wallis simpson as they flirted unashamedly with fascism and threatened to take britain down a very different path to that which it took after the abdication

British Women's Short Supernatural Fiction, 1860-1930 2017-12-08

this book explores women's short supernatural fiction between the emergence of first wave feminism and the post suffrage period arguing that while literary ghosts enabled an interrogation of women's changing circumstances ghosts could have both subversive and conservative implications haunted house narratives by charlotte riddell and margaret oliphant become troubled by uncanny reminders of the origins of middle class wealth in domestic and foreign exploitation corpse like revenants are deployed in female gothic tales by mary elizabeth braddon and edith nesbit to interrogate masculine aestheticisation of female death in the culturally hybrid supernaturalism of alice perrin the marriage question migrates to colonial india and psychoanalytically informed stories by may sinclair eleanor scott and violet hunt explore just how far gender relations have really progressed in the post first world war period study of the woman's short story productively problematises literary histories about the golden age of the ghost story and about the transition from victorianism to modernism

Believe and Receive 2017-11-07

an astute reckoning with modern celebrity the times a wild read the guardian a well researched measured account the sun part biography part social history being britney pieces together a collage of stories interviews legends and fan experiences to construct a definitive portrait of one of the biggest stars in recent history in her unique narrative acclaimed music author jennifer otter bickerdike provides a sympathetic yet objective re examination of britney s trajectory from girl next door to woman trapped by fame being britney is the compelling account of a talented troubled and talked about modern icon whose life work and individual significance will be recognised for many decades to come after years of being framed as a victim britney deserves to be celebrated as the fighter inspiration and enigma she truly is jennifer otter bickerdike

Politics in the Gutters 2016-11-10

from the moment captain america punched hitler in the jaw comic books have always been political and whether it is marvel s chairman ike perlmutter making a campaign contribution to donald trump in 2016 or marvel s character howard the duck running for president during america s bicentennial in 1976 the politics of comics have overlapped with the politics of campaigns and governance pop culture opens avenues for people to declare their participation in a collective project and helps them to shape their understandings of civic responsibility leadership communal history and present concerns politics in the gutters american politicians and elections in comic book media opens with an examination of campaign comic books used by the likes of herbert hoover and harry s truman follows the rise of political counterculture comix of the 1960s and continues on to the graphic novel version of the 9 11 report and the cottage industry of sarah palin comics it ends with a consideration of comparisons to donald trump as a supervillain and a look at comics connections to the pandemic and protests that marked the 2020 election year more than just escapist entertainment comics offer a popular yet complicated vision of the american political tableau politics in the gutters considers the political myths moments and mimeses in comic books from nonfiction to science fiction superhero to supernatural serious to satirical golden age to present day to consider how they represent re present underpin and or undermine ideas and ideals about american electoral politics

Neoliberal Legality 1875

neoliberalism has been studied as a political ideology an historical moment an economic programme an institutional model and a totalising political project yet the role of law in the neoliberal story has been relatively neglected and the idea of neoliberalism as a juridical project has yet to be considered that is neoliberal law and its interrelations with neoliberal politics and economics has remained almost entirely neglected as a subject of research and debate this book provides a systematic attempt to develop a holistic and coherent understanding of the relationship between law and neoliberalism it does not however examine law and neoliberalism as fixed entities or as philosophical categories and neither is its objective to uncover or devise a law of neoliberalism instead it uses empirical evidence to explore and theorise the relationship between law and neoliberalism as dynamic and complex social phenomena developing a nuanced concept of neoliberal legality neoliberalism it is argued here is as much a juridical project as a political and economic one and it is only in understanding the juridical thrust of neoliberalism that we can hope to fully comprehend the specificities and continuities of the neoliberal period as a whole

The Poetical Works of Elizabeth Barrett Browning 2024-05-16

dan w clanton jr examines the presence and use of religion and bible in agatha christie s hercule poirot novels and stories and their later interpretations clanton begins by situating christie in her literary historical and religious contexts by discussing golden age crime fiction and christianity in england in the late 19th early 20th centuries he then explores the ways in which bible is used in christie s poirot novels as well as how christie constructs a religious identity for her little belgian sleuth clanton concludes by asking how non majority religious cultures are treated in the poirot canon including a heterodox christian movement spiritualism judaism and islam throughout clanton acknowledges that many people do not encounter poirot in his original literary contexts that is far more people have been exposed to poirot via mediated renderings and interpretations of the stories and novels in various other genres including radio films and tv as such the book engages the reception of the stories in these various genres since the process of adapting the original narrative plots involves at

times meaningful changes capitalizing on the immense and enduring popularity of poirot across multiple genres and the absence of research on the role of religion and bible in those stories this book is a necessary contribution to the field of christie studies and will be welcomed by her fans as well as scholars of religion popular culture literature and media

God and the Little Grey Cells 2012-03-02

both from the right and from the left we are stymied in talking well with one another about race and racism by intransigent beliefs in our own goodness as well as by our conviction that such talk is useless white antiracist epistemology needs to begin not with our beliefs but with our individual and collective awakening to that which we do not know drawing on scholarship across disciplines ranging from writing and rhetoric studies to critical race theory to philosophy i hope i join the band examines the limits and the possibilities for performative engagement in antiracist activism focusing particularly on the challenges posed by raced white identity to performativity and moving between narrative and theoretical engagement the book names and argues for critical shifts in the understandings and rhetorical practices that attend antiracist activism
