edition from a student's eye dr fourikis is tall and handsome his invited talk about the application of millimeter waves was fun easy to understand and full of humors this was in pasadena california 1992 the first time we met it was a spectroscopy conference and he was giving the talk it was impressive how advanced his research was from then we keep in touch for years and we discuss so many things i was surprised when he told me that he wanted to write story about immigrants as being scientists we try to make laws and methods as simple as possible while novelists are trying to make things as complicate as possible we try to compress 10 sentences to 1 sentence if we can while the novelists are trying to stretch 1 sentence to 10 sentences if they can i thought scientists and novelists have different brain structure but it proved that for some people they can do both first dr fourikis brought hollywood amarro to us it was about social justice to australians aborigines then away from australia he is coming back with hypatia's feud hypatia's feud is well written and fun to read dr fourikis brings her so close so vivid to us hypatia was the first notable woman mathematician astronomer and geographer why do we say so we know gold is heavier than silver sea water is heavier than fresh water for the same volume it is easy to judge for the solid material harder for the liquid hypatia invented hydrometer which allows people to measure density of liquid with respect to water while it has been problem for people to locate themselves in ocean hypatia invented the chart of celestial bodies she edited euclid's elements and ptolemy's almagest she made commentary for other books keep this in mind one has to know as much as the writers before she he could write the commentary editing then what is the purpose to bring her back first it is curiosity today in every physics lab chemistry lab when one uses a hydrometer one may ask who invented this who was hypatia what she has done why she was murdered could this be prevented secondly learning from history we understand any achievement we made today has a history as newton once said i am standing on the giants shoulder third education is the key read the book and one will find all dr fourikis quote elie wiesel recipient of 1986 nobel prize for peace in his book hollywood amarro here it is the opposite of love is not hate it's indifference the opposite of art is not ugliness it's indifference the opposite of faith is not heresy it's indifference and the opposite of life is not death it's indifference wish dr fourikis bring us more of his works biography nicholas fourikis msc phd nicholas was the recipient of a classical greek education in cairo and spent school holidays either in alexandria the birthplace of hypatia or in greece after the family migrated to australia he pursued undergraduate studies at the royal melbourne institute of technology and postgraduate studies at macquarie and new south wales universities during a distinguished career in radio astronomy he spent a year at the tokyo astronomical observatory discovered five interstellar molecules in collaboration with australian american and japanese spectroscopists and authored two university textbooks on radio astronomy and advanced radars a complete list of his research papers theses and books is in his website nicholasfourikis.com the life and times of hypatia a fellow astronomer and scientist fascinated nicholas over a long time more importantly hypatia of alexandria was the conduit of the ancient greek wisdom to the modern world the quintessential philosopher hero who

championed humanism and demonstrated that women could make significant contributions in astronomy philosophy and mathematics hypatia s feud with religious zealots at the dawn of the 5th century ce is our feud too because her foes under different names are ever present in his other literary novel hollywood amarroo two lovers shine in australia s deep north he chronicled the lives of two young lovers who ignored the prejudices of the sixties to defend an aboriginal mother accused of manslaughter amarroo a prosperous town in the heart of queensland borders a reserve the locals euphemistically call hollywood where two hundred aborigines live in lamentable poverty while the story nicholas chronicled took place during the sixties the aborigines still live in lamentable poverty to this day

the hatfield mccoy feud of the 1880s and some time thereafter is one of the noted stories of folklore in america today the causes of that family and friends war between the hatfields and the mccoys will be considered the events which led up to the tragedy there were many causes an accumulation of things which finally touched off the feud or private war which it actually was between two determined families first cause i think can be attributed to the very natures of those concerned both families were people of nerve because blood of british origin pulsed in their veins that blood bespoke stubborn resistance and unflinching determination an unwavering set came the civil war of 1861 65 and neighbor lined up against neighbor in the union corner was randolph mccoy leader of the mccoy clan in the confederate corner six

feet of devil and 180 pounds of hell according to randolph mccoys was anderson devil anse hatfield head of the hatfield horde when the war ended in 1865 the internecine feelings of these two neighboring families only the narrow tug river separated them did not make for friendly relations indeed it had been rumored that devil anse hatfield in the course of his warfare sometime before the civil war ended had slain harmon mccoys a brother of randolph mccoys this rumor was never proven in fact some stated that jim vance later to die in the feud as a friend of the hatfields was the one who murdered harmon mccoys whoever killed harmon mccoys is unknown for sure even to this day but one thing is sure his death created ill feeling between the mccoys and the hatfields from the mccoys corner of course a third cause of the feud was a family quarrel which wound up in the court of a justice of the peace that was eight years after the civil war had ended in those days in the rugged regions of the tug the people let their hogs run loose and fatten on the mast of nut bearing trees chestnut acorn hazel and other trees hogs were marked their ears being cut with definite earmarks in fact a farmer then had his own earmarks registered with the county court just as he put deeds to his real estate on record
