you have struggled with doubt and skepticism yourself as you present your faith and think about it you find it difficult to share it with nonbelievers this is not because you are afraid to but because skeptics just don t seem to want to understand this contributes to your doubt and skepticism still though you struggle with your faith you find that what you do believe is congruent with the christian tradition and with scripture itself this work does not attempt to convince the reader to believe a certain way rather it is simply the expression of faith from a modern circuit rider it serves as a facilitator of expressing faith of thinking about it and hopefully stimulating others to express their faith in the contexts of skepticism and traditional acceptance should you disagree with the points of the book great i simply hope that you will present your own version in some form maybe you ll write your own book

The Publishers' Trade List Annual 1985

in 1939 a 28 year old dutch immigrant opened a used book store in grand rapids michigan herman baker filled his store with 500 books he had collected over the years displaying them on homemade shelves seventy five years later his company has grown into one of the most influential christian publishers in the world yet the baker book house story is more than the story of one man s dream become reality in its full color pages is found the story of an independent family owned company dedicated to fulfilling its mission through many twists and turns over 75 years this booklet provides a short history of baker book house company and a delightful glimpse inside the christian book business it is a helpful look back and a hopeful look forward for a company whose best days are still ahead includes more than fifty photos

From Heaven to My Heart 2011-01-31

This two volume set examines women's contributions to religious and moral development in America covering individual women, their faith-related organizations, and women's roles and experiences in the broader social and cultural contexts of their times. This second edition of Encyclopedia of American Women and Religion provides updated and expanded information from historians and other scholars of religion covering new issues in religion to better describe and document women's roles within religious groups. For instance, the term evangelical feminism is one newly defined aspect of women's involvement in religious activism. Changes are constantly occurring within the many religious faiths and denominations in America, particularly as women strive to gain positions within religious hierarchies that previously were exclusive to men and rise within their denominations to become theologians, church leaders, and bishops. The entries examine the roles that American women have played in mainstream religious denominations, small religious sects, and non-traditional practices such as witchcraft, as well as in groups that question religious beliefs, including agnostics and atheists. A section containing primary documents gives readers a firsthand look at matters of concern to religious women and their organizations. Many of these documents are the writings of women who merit entries within the encyclopedia. Readers will gain an awareness of women's contributions to religious culture in America from the colonial era to the present day and better understand the many challenges that women have faced to achieve success in their religion-related endeavors.

Lord, Help Me Break This Habit 2009-03

Offers a reinterpretation of the women's suffrage movement in Britain by focusing on lesser-known provincial suffragists. Specifically considers a group identified by the author as the democratic suffragists who guided the campaigns of the National Union of Women's Suffrage Societies.
