friend and the friend's church offer important insights about changes to religious life, gender, and society during this formative period. The public universal friend is an elegantly written and comprehensive history of an important and too little known figure in the spiritual landscape of early America. John Flanary was born in about 1756, he lived in Virginia and North Carolina, he married Phoebe Boggs and they had at least eight children. He died in about 1842. Descendants and relatives lived mainly in Virginia, Kentucky, and Missouri. As a young girl, Sylvia Hatchell longed to play little league baseball and later high school basketball, but both were closed to her because she was a girl. In college, her world shifted when she discovered a passion for coaching that would lead her to become a Naismith Hall of Fame coach of women's basketball at the University of North Carolina at Chapel Hill. In this book, Coach Hatchell's life story unfolds against the backdrop of Title IX and women's struggle for equal opportunities in athletics. She celebrates triumphs such as winning the 1994 NCAA Division I women's basketball tournament and weathers sadness and failure such as the loss of her parents, surviving cancer, and being forced to resign from her dream job. In 2019, it contains alphabetically arranged biographical sketches of well-known personalities. Henry Adcock was born in about 1775 in Virginia, he married Sarah and they lived in Robertson County, Tennessee. Descendants and relatives lived mainly in Tennessee, Illinois, Kansas, and Nebraska. It includes reports of the heads of the various municipal departments.
